TOWN TOPICS

A fine boy has come to Mr. and Mrs. H. T. House as a New Year's gift.

The Lunch counter has been removed yesterday by Eric Jensen and Karl Olsen.

Mrs. Wright has returned home from Edmonton, where she has been visiting her son, who lost all his fingers of his right hand. He is still in the Alexandra Hospital and is doing fine.

The Local Health Board arranged the Old Fellow's Hall as a temporary Isolation Hospital for cases of the Influenza who have no other place to go to. So far only three cases have been in the hospital and they are practically recovered, thanks to the attention of Mr. and Mrs. Fineman, who very kindly volunteered to act as nurses in the hospital, and also to the efforts of the ladies and others who supplied the necessary food, etc., to say nothing about the heroic efforts of our Doctor and Health

officers who are kept going almost continuously day and night.

R. J. Rollin was a Toronto visitor this week.

Mr. A. A. Dakin returned from Calgary this week.

We understand that Glen and Gus Hope, members of the local firm R. Hope and Sons, who left early in the fall for military service with the American Forces have now received their discharge from military service and are helping Uncle Sam in one of his ship yards, for a while, before returning to take up their work this next Spring.

Bole M. Kell, accountant for Laidlaw & Gillies Ltd., is up from Calgary, auditing the books of the Three Hills Branch.

Mr. F. H. Daxin, owner of the Ford Garage is spending the holidays with his family at Chumouat, Alta.

Mr. Robert Hope, proprietor of the Chevrolet Garage, is laid up with the prevailing epidemic at his home in Aene, Alta. According to last reports, he is recovering.

Mr. and Mrs. Sanderman returned home today from Didsbury, where they have spent their holidays with their parents Mr. H. L. Riemer.

We are very much pleased to state that the Influenza seems to be well under control, but it is advisable not to neglect any precautions to combat the Influenza which is making numerous victims among our neighbors.

Our flocks of Three Hills are looked up on account of the Quarantine. He is spending his activity in going from the house to the stable, and if animals have the faculty of surprise they must be wondering what is the matter in seeing him take in good a. of them.

That's what British Columbia Red Cedar Shingles are made for. All of the necessities of life—all of the important commodities—are getting higher and higher in price. There is as yet one important exception—Red Cedar Shingles.

The same amount of shingles, or the same amount of logs will buy twice as many Red Cedar Shingles as in 1914.

Why wait to attend to that roof until the wet weather sets in?—Do it now.

Fifty Dollars a Month

(Guaranteed to you by the Canada Life)

How Fifty Dollars a Month looks to the Average Man at Various Ages

At age 30—Thirty to Fifty Dollars a month.

At age 40—Twenty to Thirty Dollars a month.

At age 50—Ten to Twenty Dollars a month.

At age 60—Five to Ten Dollars a month.

At age 70—Two to Five Dollars a month.

At age 80—One to Two Dollars a month.

You know of men well up in years who are still struggling along. They cannot stop even if they would, but must go on to the end of their days working for a living.

When they were younger they did not have the chance now offered you. It was not then possible to secure such a convenient and absolutely certain provision as our Monthly Pension Plan, by means of which an average deposit of only a few dollars a month would now return them \$50 a month for the rest of their days.

Why Not Pension Yourself? It is a good idea to "take stock" of your present financial position—to size up your personal affairs and decide on a plan for the future.

Our New Pension Policy

guarantees that upon reaching a certain age, you will receive a monthly cheque for \$50.00 or more, as you may now decide—and this monthly payment cannot cease as long as you live. —It will go on for ten years in any event, either to you or your beneficiary.

If You Become Disabled

Suppose some day before you reach age sixty you meet with a mishap and become totally and permanently disabled through accident, illness or any cause. Such a thing might happen the day after you secured this new Policy of the Canada Life. Immediately the payment of further premiums would be cancelled. The Canada Life would become responsible for sending you \$50.00 a month (or more, as you may have arranged for the rest of your life).

It Is Worth Investigating

Think what it might mean to you to be certain of an income right up to the end of life, or even more than 97.9% of people in their later years are partially or wholly dependent upon others for support.

Canada Must Not Break Faith

(A New York Editorial)

In the early days of the present war, the Canadian people, the people of the British Empire, the people of the world, had a right to expect that the Canadian people would stand by their word and keep their faith.

The Cost of ALBERTA MUNICIPAL HAIL INSURANCE

is so low that no farmer can afford to be without it—

Consider this: Over a period of five years (1913-1917), the Alberta Municipal Hail Insurance has earned a total of \$10,000,000 in the amount of an average premium of less than 2.5 p.c., during that time the average cost of a reference expense was a little over 10 p.c. in the dollar. The new plan promises even lower results.

As there are no profits to be made or realized to be paid, it provides the opportunity for fair adjustment of all claims on the basis of actual damage done.

You will save money by using the Municipal Hail Insurance at the forthcoming election.

Crown Lumber Co.-Ltd.**"A SAFE PLACE TO TRADE"
"OVER THE TOP"**

That's what British Columbia Red Cedar planks are made for. All of the necessities of life—all of the important commodities—are getting higher and higher all the time. There is no exception—Red Cedar Shingles.

The same amount of what is the same amount of logs will buy more shingles than it did in 1914.

Why wait to attend to that roof until the next winter sets in?—Do it now.

TOWN TOPICS

A big fire broke out this morning in the town. Four buildings—Kerr's Drug Store, the Theatrical Theatre and two small buildings were completely destroyed. All kind of rumors are circulating as to the cause of the fire.

Mr. W. M. Campbell, brother of H. Campbell, of the Campbell Hardware Store, was a visitor in Three Hills last Saturday being on his way from Vancouver to Winnipeg. Mr. Campbell expects to pay on a longer visit next Spring.

Mr. Len Robertson made a trip to Calgary last week.

The English Church is making a strong effort to organize a Choir. The choir practices will be held in the various homes of its members.

Mr. Conrad has his well completed and has struck (soft) water at 70 feet.

The local Three Hills Cheviot Club met on Thursday the 6th at the home of J. R. Alexander. The following contested for the championship had been invited: A. A. Murphy, E. K. MacMurray, Rev. Patterson, E. K. Morgan, F. Kelly, and J. R. Alexander. They all responded with the exception of E. K. MacMurray whose horse failed him at the last moment. The main idea of the gathering was to capture the cup of the real champion of the district Mr. Murphy. Although Mr. Murphy did not feel any anxiety to defend his championship very successfully, his closest contender, Mr. Morgan, succeeded in stealing only one game. The result was a surprise to a great number of town people, known that the town people have been practicing all winter in order to ward the championship from the present title holder but the boys will certainly have to take a few more lessons.

Paris. — Despite the solemn decision of the peace conference that English should be the official language of the session, the Americans and British delegates, and the eloquent, generous interpreters are the only ones to abide by the ruling. All the others, including Chinese and Siamese, speak French.

Soft White Hands

Buyers in the United States have been picking up a lot of feet these days in Central Alberta lately. In fact some of the animals they have been getting hold of were ready to sell as beef. A firm of St. Paul cattle dealers are said to be responsible for the movement.

From Camrose, Alberta, one of the largest shippers of cattle that ever left the local yards was sent to St. Paul last week. It consisted of about 100 head and formed an entire train load.

THE PUBLIC HEALTH

It is a common knowledge that the public health is a subject of great importance to the community. The health of the people is the foundation of the nation's prosperity and the basis of its future. It is the duty of the government to protect the public health and to see that the people have access to the best possible medical care.

Mr. Farmer:

We earnestly solicit your co-operation in helping us
to handle our Customers this Spring. As we expect a
large number of land men from the States this Spring,
and as our Mr. R. E. Morgan, while traveling in the
States this winter, and personally a number of people who
contemplate coming to Canada this Spring, it did
not take R. E. long to convince them that Three Hills
was the place to come to. We have agents in most of
the Western States who secure us a number of buyers
this Spring; now the way you can help us is by giving
us good listings on your farms. If you will give us good
listings we will sell your land. When in town stop in
and let's talk it over, and get out of our new calendar.

Profit Sharing

It is a well-known fact that the majority of the population in this country are employed by large corporations. These corporations are the ones who are responsible for the production of the goods and services that we need. It is therefore, only fair that they should share the profits of their business with their employees.

Profit sharing is a system by which a portion of the profits of a business is distributed to its employees. This system has many advantages. It encourages employees to work harder and more efficiently, as they are directly involved in the success of the business. It also helps to reduce the turnover of employees, as they are more likely to stay with a company that shares the profits with them.

There are many different ways in which profit sharing can be implemented. Some companies use a simple system where a fixed percentage of the profits is distributed to all employees. Others use a more complex system where the distribution is based on individual performance. The key to a successful profit sharing program is to ensure that the system is fair and transparent, and that the employees are properly educated about the program.

Profit sharing is a win-win situation for both the company and the employees. It encourages productivity and loyalty, and it helps to create a more harmonious and successful workplace.

HOW SALT CAN BE CHANGED TO ROSY COMPLEXION

For a complexion with pink cheeks and rosy lips, a woman should use a cosmetic cream that contains a small amount of salt. This is because salt is a natural skin cleanser and helps to remove dead skin cells, leaving the skin smooth and glowing. The cream should be applied twice a day, morning and evening, and washed off with warm water. This simple routine can make a great difference in the appearance of the skin.

Missionary Finds New Chinese Tribe

From Three Weeks Among Borneo People in China

After three weeks of travel in the interior of China, a missionary has discovered a new Chinese tribe. The tribe, known as the "Miao," is said to be one of the most primitive and isolated groups in the region. The missionary, who is a member of a Christian mission, has been working to convert the tribe to Christianity. He has found that the tribe has a unique culture and language, and is very different from the other Chinese tribes. He has also found that the tribe is very poor and lives in a very difficult environment. He is now working to help the tribe and to spread the Christian faith among them.

Carried Discharge Quickly Cured

It is a common complaint among men, especially in the spring months, to find a discharge of pus or blood from the urethra. This is often the result of a urinary tract infection, and it is important to seek medical attention as soon as possible. The discharge may be accompanied by pain, itching, or a burning sensation. In many cases, the condition can be cured with the help of a doctor's prescription. It is also important to maintain good hygiene and avoid sexual intercourse until the infection has been completely treated.

New Industry For Canada

Mark on Next Bird That Is Gled

A new industry has been developed in Canada, which involves the marking of birds. This is done in order to track the migration patterns of various bird species. The process involves capturing the birds and placing a small, numbered tag on their leg. This tag is made of a special material that is designed to be easily visible. The birds are then released, and their movements are monitored over time. This information is used to study the effects of environmental changes on bird populations. The industry has the potential to become a significant source of income for Canada, as it attracts tourists and researchers from around the world.

Banking Money Means Be Opened to Germany

The financial blockade imposed on Germany by the Allies has been a major obstacle to the country's economic recovery. The blockade has prevented Germany from obtaining the raw materials and machinery it needs to produce goods and services. This has led to a severe shortage of resources, which has in turn caused a decline in the country's industrial output. The German government has been unable to negotiate the lifting of the blockade, and it has been forced to seek alternative sources of funding. This has led to a significant increase in the country's foreign debt. The financial blockade has also had a devastating impact on the German population, as it has led to widespread poverty and unemployment. The situation in Germany is a stark reminder of the consequences of economic warfare.

New Industry For Canada

Mark on Next Bird That Is Gled

A new industry has been developed in Canada, which involves the marking of birds. This is done in order to track the migration patterns of various bird species. The process involves capturing the birds and placing a small, numbered tag on their leg. This tag is made of a special material that is designed to be easily visible. The birds are then released, and their movements are monitored over time. This information is used to study the effects of environmental changes on bird populations. The industry has the potential to become a significant source of income for Canada, as it attracts tourists and researchers from around the world.

May Life Financial Blockade

Banking Money Means Be Opened to Germany

The financial blockade imposed on Germany by the Allies has been a major obstacle to the country's economic recovery. The blockade has prevented Germany from obtaining the raw materials and machinery it needs to produce goods and services. This has led to a severe shortage of resources, which has in turn caused a decline in the country's industrial output. The German government has been unable to negotiate the lifting of the blockade, and it has been forced to seek alternative sources of funding. This has led to a significant increase in the country's foreign debt. The financial blockade has also had a devastating impact on the German population, as it has led to widespread poverty and unemployment. The situation in Germany is a stark reminder of the consequences of economic warfare.

German Plans Disagree

There is a disagreement among German officials regarding the future of the country. Some officials believe that Germany should remain a democracy, while others believe that it should be a dictatorship. This disagreement has led to a period of uncertainty and confusion in the country. The German people are also divided on the issue, with some supporting democracy and others supporting dictatorship. The situation in Germany is a complex one, and it is difficult to predict the future of the country. The German people have a right to decide the future of their country, and it is important that they are given the opportunity to do so.

CHILD'S TONGUE SHOWS IF LIVER OR BOWELS ARE ACTIVE

A child's tongue can show if the liver or bowels are active. This is because the tongue is connected to the liver and bowels by nerves. If the liver or bowels are not working properly, the tongue will show signs of this. For example, if the liver is not working properly, the tongue will be yellow. If the bowels are not working properly, the tongue will be red. A doctor can look at a child's tongue and tell if the liver or bowels are active. This is a simple and easy way to check for liver and bowel problems.

Officials Incomplete

Believe in Post Game No. 1, 1940

Officials are incomplete in their belief in Post Game No. 1, 1940. This is because the officials are not taking into account all the factors that can affect the game. For example, the officials are not taking into account the weather, the condition of the field, or the skill of the players. This means that the officials' predictions are often wrong. It is important for the officials to take all the factors into account when they are making their predictions. This will help them to make more accurate predictions.

Town Topics

Mr. A. Sheline, a settler, has recently purchased a 6-cylinder McLaughlin Special.

Mr. A. W. Pratt is one of the proud possessors of a brand new McLaughlin Special.

Remember the T. F. W. A Meeting on Saturday, April 6th.

Two lawsuits of local interest, were tried in Calgary last week. A. R. Anderson and W. H. Morgan in the Supreme Court at Calgary. Forcing a partition of his farm to be settled with sunk wood. A. J. Robertson, of Three Hills, acted for Plaintiff, and the Tractor lawyer, assisted by Murray, K. C., for Defendant. A. B. Anderson was awarded \$100 and costs.

A. E. Helton and Th. Mason for the price of sunk grain and other claims. A. J. Robertson, of Three Hills, acted for Helton and the Tractor lawyer for Th. Mason. Helton won the case and was also awarded costs. Our local Barrister won both cases.

P. H. Abbey has just purchased two high-class registered Percheron Cattle, possessions of the celebrated, \$20,000 Charol. No. 90000, the world's champion Percheron Stallion.

Miss Jessie Aberley, from Edmonton, has been engaged to teach school for the rest of the term.

Mr. Pratt bought two lots of the D. on Block 7, where he will install his chopping mill.

Mr. F. Robertson returned home from his trip north, last Monday.

Mr. H. Pratt has been a week-end visitor in Trochu, last week.

Mr. E. B. Conrad and Miss Mary Conrad returned home on Tuesday, after spending a few days in Calgary.

Mr. H. Weisler, of Peace River, and well-known in our town, died a few days ago, and her body was laid to rest in Trochu cemetery last Tuesday. A great many of Three Hills citizens attended the funeral.

Mrs. J. S. Patterson returned home on Thursday with her baby, who seems to be completely restored to health.

Mr. and Mrs. W. Cunningham buried their 4-day old girl on Monday morning in Gilest Pine cemetery.

Mr. Fred Hughes returned from Greatport, after helping his father in the store, and is now back on his farm.

Reedling is in full swing and is now returning back to the 194 House.

Mr. and Mrs. MacIsaac returned to their farm on Thursday.

Mr. H. Hicks has also returned to his farm.

Mr. Farmer:

We earnestly solicit your co-operation in helping us to justify our Contender this Spring. As we expect a large number of land men from the States this Spring, and as our Mr. R. E. Morgan, while traveling in the States this winter, met personally a number of people who contemplate coming to Canada this Spring, it will not take R. E. long to convince them that Three Hills was the place to come to. We have agents in most of the Western States who can give a number of leaves this Spring; from the way you can help us by giving us good lodgings on your farm; if you will give us good lodgings we will sell your land. When in town stop in and let's talk it over, and get one of our new calendars.

67 YEARS OF GROWTH

The early days of the founder of this
house made a few groups of matches a day,
and sold them himself, driving his horse and
wagon as far as Toronto. From automatic
machines, 70,000 matches a day are
turned out to keep Canada's home fire
burning. And not matches alone—industrial
flares, household kerosene, and a host of
other products have been added to this line.

The House of Eddy

has become an institution which touches the
daily life of the Canadian public in a thousand
different ways.

There is a reason back of this steady and constant
growth. Back of it is the House of Eddy, which
has made a few groups of matches a day, and
sold them himself, driving his horse and wagon
as far as Toronto. From automatic machines,
70,000 matches a day are turned out to keep
Canada's home fire burning. And not matches
alone—industrial flares, household kerosene,
and a host of other products have been added
to this line.

TROTHER ALTA

Now a complete truck

HEREAFTER Ford One-Ton Trucks may be bought
complete with bodies and chass, ready for the road.
The chassis may still be purchased separately.

But, in most cases, the Ford Truck will be sold as a
complete Ford job. The body as well as the chassis
will be planned to give Ford service.

This radical step in the production of Trucks is being
taken to insure the utmost efficiency from the Ford
Truck; to give the purchaser Ford value in every part
of his truck; to produce better bodies at lower prices.

Two Standard Bodies
The two types of Truck bodies now
widely used are the Stake and
the Dump.

These types will be kept in stock,
set up, painted (or in the field) and
ready for prompt delivery.

They have oak floors, steel of
maximum heft and specially de-
signed hinges and couplings.

The construction at every point
provides for rough usage such as
every truck is bound to get.

Engine and Chassis
The driver gets power protection
in the Engine and Chassis of the Ford Truck.
This cab can be closed up tight,
or perfectly ventilated. It has sliding
windows and two-way double
windshield.

This complete Ford Truck is an
all NOW.

Call and learn what it will cost to
own in your business. Look
them over carefully. See how they
outclass other Trucks in every detail.

Are you going to insure your crop against hail this year? If you are, we would certainly like to have your business. We represent three of the strongest Hail Insurance Companies in Canada: The Hartford, The Employers Liability and the British Crown, with a Paid-up Capital of over \$65,000,000. Mr. A. Reby is our adjuster, he is well-known in our district and is considered by all farmers who have had occasions to have him adjust claims for them to be the most fair and impartial adjuster they ever had. We also wish to take this opportunity to announce that we are the only agents for the "Wawanesa Mutual Fire Insurance Co." in this district; any offer of insurance to cover your Wawanesa Insurance are subverting themselves to you, they can only place your insurance in some inferior companies. The Wawanesa is the strongest Mutual Co. on earth, and is strictly a farmers Co., so when you insure your property, to save it is in the Wawanesa, then you are protected. We also handle farm land.

BOYS AND GIRLS CONFERENCE AT THE UNIVERSITY

The Board of Governors of the University of Alberta have kindly consented to give our farm boys and girls a week's conference at the University, next June. At the recent U.F.W.A. Convention, the women asked for this, and they have accomplished a very important and valuable piece of work in obtaining this concession for the summer.

All the farm boys and girls of 16 to 20 years are eligible. These boys and girls will be located in the University Buildings for the week, and there will be a series of addresses each day on subjects dealing with rural life and citizenship.

There will be some music and teaching of folk dances for the girls, and of folk singing for the boys. As there study out of doors, and receive a little rest and recreation. A splendid view, in beautiful surroundings, of our own boys and girls at a very small cost, beyond the railway fare. Rooms and board will be about \$1.00 a day.

Each U.F.A. local in our province is helping to make this summer success by making a contribution to The Rural Branch Conference Fund out of which will be paid a third of each farmer's expenses to the conference, and an equalizer for all. In this Three Hills District, all the farm boys and girls who can arrange to attend this Conference, should address a post-card to our Local U.F.A. Secretary, C. M. Flett, as soon as possible.

Town Topics

Mr. Frank Amersworth, from Okla., moved on his three quarter section of land, 3 miles South East of town. Mr. Amersworth is making his home here. For many years he has been raising purchased Hereford Cattle in Okla., and has shipped over 300 head to Calgary, this Spring. He is moving his herd of 300 head of Purchased Herefords to his new quarters. Further particulars in connection with his purchased stock will appear in our next issue.

J. V. Power, barrister at Trochu, was arrested and brought to Calgary on Friday, April 19th, by the Provincial Policemen John Tait, under the charge of retaining forged documents. Power appeared before Magistrate Saunders, Calgary, on Thursday, April 24th, and was committed for trial at the next sitting of the High Court.

Commencing the 11th of this month, our local Banks will be open from 10.00 a.m. to 5.00 p.m., and on Saturdays from 9.30 to 12.00.

Frank and Carl Johnson, both of the Minibrown Horse, are on leave and are spending a few days in Three Hills with their parents.

L. J. Kalbfleisch sold his Ford Car.

After Eating You Have Pain, Stomach Needs Aid

Many people suffer from indigestion, flatulence, and other stomach troubles after eating. This is often due to a lack of proper digestion. The stomach needs aid to break down the food properly. A good remedy is to take a small amount of a mild laxative after each meal. This will help the stomach to move the food along and prevent the accumulation of gas and acid. The result will be a more comfortable and healthy digestion.

After Five Years Of Heart Trouble

After five years of heart trouble, a man found relief in a simple remedy. He had been suffering from heart trouble for five years, and had tried many different treatments without success. One day he read in a newspaper about a remedy for heart trouble. He decided to try it, and after a few days he felt much better. He continued to take the remedy for a few more days, and his heart trouble disappeared. He was very happy and grateful for the relief.

Shocking Shock Weak and Nervous COULD NOT SLEEP

A man who was shocked and nervous could not sleep. He had been through a very traumatic experience, and his mind was in a state of constant turmoil. He was unable to relax, and his thoughts were constantly racing. He tried to sleep, but he could not. He was very weak and nervous, and he felt that he was losing control of himself. He decided to seek help, and after a few days of treatment, he felt much better. He was able to sleep again, and his mind was at peace.

Malay Yields Many Commodities

The Malay Peninsula is a rich source of many commodities. It produces a large amount of rubber, tin, and other minerals. It also produces a variety of tropical fruits and vegetables. The climate is warm and humid, which is ideal for growing many different types of crops. The people of the Malay Peninsula are skilled in agriculture and have a long history of trade. They have been exporting their commodities to other parts of the world for many years.

Shortness for Cross-tired

Shortness of breath is a common symptom of cross-tiredness. It is often caused by a lack of rest and a buildup of fatigue. The body is unable to keep up with the demands of daily life, and it begins to show signs of exhaustion. Shortness of breath is one of the most common symptoms of this condition. It can be relieved by taking a short rest and drinking a glass of water. It is important to listen to your body and take breaks when you feel tired.

LOOK AT A CHILD'S TONGUE WHEN CROSS, FEVERISH OR SICK!

When a child is cross, feverish, or sick, it is important to look at their tongue. The tongue can provide valuable information about a child's health. A healthy tongue is pink and moist. A white coating on the tongue can indicate a cold or infection. A red, swollen tongue can indicate a fever or inflammation. A dry, cracked tongue can indicate dehydration. By looking at the tongue, a parent can get a better idea of what is wrong with their child.

To Increase Efficient Capacity

To increase efficient capacity, it is important to exercise regularly. Exercise helps to improve the efficiency of the body's organs and systems. It increases the heart rate, which improves the circulation of blood. It also helps to build muscle and increase endurance. Regular exercise can help to prevent many common health problems, such as heart disease and obesity. It is important to find an exercise routine that you enjoy and stick to it.

Normal Blood

Normal blood is essential for good health. It carries oxygen and nutrients to the cells of the body. It also carries away waste products. If the blood is not normal, the body will not be able to function properly. There are many factors that can affect the normalcy of the blood, such as diet, exercise, and stress. It is important to keep the blood healthy by eating a balanced diet, exercising regularly, and managing stress.

IN ANEMIA

Anemia is a condition in which the blood is deficient in red blood cells. This can lead to a variety of symptoms, including fatigue, weakness, and shortness of breath. There are many causes of anemia, including a lack of iron in the diet, a problem with the bone marrow, and a loss of blood. It is important to see a doctor if you suspect you have anemia. They can run tests to determine the cause and recommend a treatment plan.

THE BLOOD

The blood is a vital part of the human body. It is responsible for carrying oxygen and nutrients to the cells. It also carries away waste products. The blood is made up of red blood cells, white blood cells, and platelets. The red blood cells are the most numerous and are responsible for carrying oxygen. The white blood cells are responsible for fighting off infection. The platelets are responsible for clotting the blood.

AFTER INFLUENZA AND HARD WINTER COLDS.

After influenza and hard winter colds, it is important to take care of your body. Your immune system may be weakened, and you may be more susceptible to other illnesses. It is important to eat a healthy diet, exercise regularly, and get plenty of rest. You should also avoid contact with people who are sick. By taking these steps, you can help to keep your body healthy and strong.

Your Eyes

Your eyes are one of your most important senses. They allow you to see the world around you. It is important to take care of your eyes by wearing eye protection when you are working or playing sports. You should also have your eyes checked regularly by an eye doctor. This will help to prevent vision problems and keep your eyes healthy.

Ukrainians Aided by Old Bolshevik Army

Ukrainians are being aided by the old Bolshevik army. The army is made up of former Bolshevik soldiers who have been retrained by the Ukrainians. They are now fighting against the forces of the Ukrainian government. The army is very well equipped and has a high level of discipline. They are also very brave and determined. The Ukrainians are very grateful for the aid they are receiving from the army.

Romanians Advance

Romanians are advancing in their campaign against the forces of the Ukrainian government. They have taken several towns and are now moving on to the next. The Ukrainians are trying to resist, but they are not doing very well. The Romanians are very well organized and have a lot of resources. They are also very brave and determined. The Ukrainians are very grateful for the aid they are receiving from the Romanians.

Italy Must Forego Claim to Fiume

Italy must forego its claim to Fiume. The claim is based on a treaty that was signed in 1919. However, the treaty was never ratified by the Italian government. Therefore, Italy has no legal claim to Fiume. The Italian government should accept this fact and move on. Fiume is a city that belongs to the people of the region. It should be governed by them, not by Italy.

Risks at Hamburg

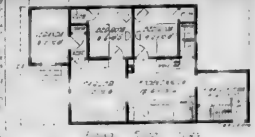

There are risks at Hamburg. The city is a major port and is a hub for international trade. It is also a center for industry and commerce. However, there are many risks associated with Hamburg. There is a high level of crime and corruption. There is also a high level of unemployment. The city is in need of reform and modernization. The government should take steps to address these problems and make Hamburg a safer and more prosperous city.

Tyrols Want Independence

The people of Tyrol want independence. They are tired of being ruled by the Austrian government. They want to be able to govern themselves and make their own decisions. They are very brave and determined. They are also very organized and have a lot of resources. They are ready to fight for their independence.

Black Watch - The Best Black Fighting Troops in the World

The Black Watch are the best fighting troops in the world. They are a highly trained and disciplined unit. They are also very brave and determined. They have a long history of service and have fought in many battles. They are a source of pride for the people of the United Kingdom.

The Quality Goes Clear Through

GRAY PORT

Reason Governs

Gray Port buyers who in past years
have paid much more than the Gray
Port. It is a fact that is true.

It is the fact that Gray Port is a
fact that is true. It is a fact that is true.
It is a fact that is true. It is a fact that is true.

Gray Port is a fact that is true. It is a fact that is true.
It is a fact that is true. It is a fact that is true.

The Monthly Cheque That Never Fails

How the Money was Lost

"You've lost a few dollars since the last time you were here."

"You've lost a few dollars since the last time you were here."

"You've lost a few dollars since the last time you were here."

"You've lost a few dollars since the last time you were here."

"You've lost a few dollars since the last time you were here."

It is all so simple and effective!

Just a few dollars set aside regularly, and the Canada Life will guarantee to your home a continuous monthly income.

What a relief to know that no matter what may happen, the monthly cheque that never fails, issued regularly by the Canada Life, will come to your home!

Your present Life Insurance will no doubt "clear the mortgage," pay off the obligations of your estate, and leave something for your family, but

Consider This:

In addition to a "lump sum" of money, you should provide a definite income that cannot fail.

A weekly or monthly income is the natural thing for most people.

A woman can keep a family together on even a small income, provided it is regular.

Financial problems should not be thrust upon a woman who is not used to business deals.

The hands of unscrupulous men are always outstretched for money held by the unwary.

The Monthly Income Plan

You will be surprised to learn what a reasonable proposition can be made to you, how only a few dollars saved and set aside from your regular earnings can be multiplied into a substantial income for your Beneficiary.

Just a word regarding Insurance

As farmers we all know that our income depends mainly on our crops. Anything that destroys our crops destroys our income. One of the main sources that destroys crops is hail, we cannot protect our crops against hail, but we can protect our income by taking out hail insurance. We can also protect the value of our personal property by insuring it against fire and lightning. All the above lines as well as any other lines of insurance required are carried by us, in addition to the very best companies. These of our companies being the largest in the world in their lines, our company alone having assets exceeding \$125,000,000,000, and another which pays out on an average of over \$15,000,000 daily in claims alone.

If any-one undertakes to tell you that they have the only good insurance, tell them to read up a little in this line.
RUFUS J. ROLLIS, Mgr. Three Hills, Alta. Branch

The Merchants Bank OF CANADA

We beg to announce that we have opened a branch at Three Hills where a general banking business will be transacted.

Farmers and Ranchers receive special attention.

Another Safe House purchased at Three Hills at once made against the Savings Bank Department. Deposits of \$1000 and upward receive interest placed at highest current rate.

HAIL INSURANCE

Let us insure your crop against Hail. Let us insure up to \$2500 on acre. A representative list of the strongest and safest Companies in Canada, namely "Great North," "Scotch Canadian," "Boscawen" and "Farmers"

Sure Protection. Prompt Adjustments

Immediate Settlement

A. J. ROBERTSON,

Agent Three Hills

Are you going to insure your crop against Hail this year? If you are, we would certainly like to have your business. We represent three of the strongest Hail Insurance Companies in Canada. The **Hartford**, The **Employers Liability** and the **British Crown**, with a Paid-up Capital of over \$45,000,000. Mr. A. Rolfe is our adjuster, he is well-known in our district and is considered by all farmers who have had occasion to have him adjust claims for them to be the most fair and impartial adjuster they ever had. We would like to take the opportunity to announce that we are the only agents for the "Warren Mutual Fire Insurance Co. in this district; any one offering to renew your Warren Insurance are interfering themselves in your, they can only place your insurance in more inferior companies. The Warren is the strongest Mutual Co. in Canada, and is strictly a farmers Co., so when you insure your property, be sure it is in the Warren, then you are protected. We also handle farm loans.

Shock Left Her Weak and Nervous COULD NOT SLEEP

After a shock which left her weak and nervous, Mrs. J. M. Smith, of 1234 Michigan Avenue, N. W., has been cured by the use of Dr. J. M. Smith's "Shock Left Her Weak and Nervous" medicine. She had been unable to sleep for several weeks and was in a state of constant nervousness. After taking the medicine, she was able to sleep and her nervousness disappeared.

SUNDAY SCHOOL LESSON Nerves Shattered by Operation

A most extraordinary case of a child whose nerves were shattered by an operation, is reported from the Sunday School of the First Baptist Church, N. W. The child, a boy named John, was only eight years old when he underwent the operation. After the operation, he became extremely nervous and was unable to attend school. He was eventually cured by the use of Dr. J. M. Smith's "Shock Left Her Weak and Nervous" medicine.

The Winnipeg Strike

The Winnipeg strike has been a long and hard one for the city. The strikers have been out for several weeks now, and the city is suffering from the lack of labor. The strikers are demanding a 10% increase in wages, and the employers are refusing to give in. The city is in a state of chaos, and the people are suffering from the lack of food and clothing. The strikers are determined to win their fight, and the employers are determined to keep the city running. Mutual Fire Insurance

For the information of the general public and those wishing to know, we beg to announce that the Western Mutual Fire Insurance Co. which has received such hearty support in this district by our many clients and friends, has been incorporated in the "Western Mutual Fire Insurance Association," which is by far the strongest Mutual Fire Insurance Association in Canada, having a surplus in the amount of over 2,000,000. As far as we are aware there is no other mutual fire insurance company represented in the district that is a member of the association, and if you wish the strongest mutual insurance in Western Canada, in conjunction with the Western Mutual, no risk is too large, and you receive immediate protection when you make your application.

A. J. ROBERTSON,

Agent Three Hills

Are you going to insure your crop against Hail this year? If you are, we would certainly like to have your business. We represent four of the strongest and most Companies in Canada, namely: "Great North," "Smith Canadian," "Rockwell" and "Farmers." Mr. A. J. Robertson is our agent, he is well-known in our district and is considered by all farmers who have had occasion to have their crops insured for their best and most important crops. We also wish to take this opportunity to announce that we are the only agents for the "Western Mutual Fire Insurance Co." in this district; and one offering to insure your Western insurance is insuring your business to you, they can only place your insurance in some inferior companies. The Western is the strongest Mutual Co. on earth, and is strictly a farmers Co., so when you insure your property, be sure it is in the Western, then you are protected. We also handle farm land.

Just a word regarding insurance

As farmers we all know that our future depends mainly on our crops. Anything that destroys our crops destroys our future. The type of the main agencies that destroy crops is hail. We cannot protect our crops against hail, but we can protect our income by taking out fire insurance. We can also protect the value of our personal property by insuring it against fire and lightning.

An illustration as well as in nothing but the very best companies. These companies being the largest in the world in their lines, our company alone having over \$1,000,000,000 in assets and another which pays out on an average of over \$1,000,000 in claims a year.

If any one undertakes to tell you that they have the only good insurance, tell them to read up a little in this line. **RUFUS J. ROLLIS, Mgr. Three Hills, Alta. Branch**

The New Twenty-year Capital Return Policy

He takes his first step in business affairs, is examined by the doctor, and creates an estate of \$5,000.

He improves the shining hair and impresses upon an important person that he is in possession of an "estate."

Easily Understood :

1st. Deposits are made yearly. This is what you are saving, and at the end of 20 years the Canada Life guarantees the return of every dollar paid in.

2nd. Your life is insured from the day you make the first deposit,— for \$5,000, or whatever amount you desire.

6th. At the end of Twenty Years you can draw out all you have paid in, along with the profits—

you can draw a Special Cash Guarantee, together with the Accumulated Profits, making a substantial sum, and leave the \$5,000 Policy fully paid for and continuing to earn Dividends as long as you live.

And in addition—

suppose some day before you reach age 60 you should become totally and permanently disabled through accident or illness. Immediately, all your future payments would cease and soon after you would receive a cheque for \$50 each month as long as you lived and the \$5,000 would be paid in full at your death without any deduction on account of the monthly income paid you. (This valuable feature is added for a small extra payment yearly, which is not returned along with the regular deposit).

Calgary—It was announced from downtown that Const. Albert Cuddy, of the Calgary police, had been named as head of the reorganized provincial police of Alberta. The police force was formerly under a constable, but with Const. Cuddy at the head it will now be directly under the control of the attorney-general's department. Chief Cuddy has been here for eight years and his boss will be a serious one for the city.

THREE HILLS BRANCH,

Let me insure your company against hail. I can insure up to \$20,000 an acre. I represent four of the strongest and safest Companies in Canada, namely: "Allport North," "Scott Canadian," "Barbours" and "Farmers."

Sure Protection. **Prompt Adjustments**

A. J. ROBERTSON.

Agent Three Hills

are you going to insure your crop against hail this year? And yes, we would certainly like to have your business. We represent three of the strongest Hail Insurance Companies in the Midwest, **The Hartford, The Employers Liability and British Crown**, with a combined capital of over \$500,000,000.

A. Baby is one adjuster, he is well known in our district and is considered by all farmers who have had occasion to file his claim against for them to be the most fair and impartial adjuster they ever had. We also wish to take this opportunity to announce that we are the only agents for the **Wausau Mutual Fire Insurance Co.** in this district.

Q. Referring to your **Wausau Insurance** are you recommending themselves to you, they can only save your insurance in more inferior companies. The **Wausau** is the largest Mutual Co. on earth, and is solely a farmers Co., when you insure your property, be sure it is in the **Wausau**, then you are protected. We also handle farm

In the days of the Roman Empire it was the custom for rulers who lost the good favors of the ruler, to open their veins and bleed themselves to death. Our Communist Government sees that they have lost the confidence of the public of our great country (who are supposed to be the rulers) have thought of a more rational scheme and more in harmony with their ethics, and are bleeding the Country to death. The Government has seen the bandwritting on the wall and know there is no chance for them at the next election to return to the manager, and in order to satisfy their voracious appetites and those of their followers, are ruling the country in harmony with their valiant simlatores.

During the war, we were promised, under the fallacious name of Democracy, a paradise on earth, but, alas, it seems to be h...

When it is not the working class who is the victim of their corrupted legislation, then it is the farmer who is sacrificed to the ambition of those who are the rulers behind the throne of this government.

If this is kept up, we can expect undoubtedly one of the biggest upheavals in history, and the real cause can be laid at the door of the Union Government.

(On Tuesday evening, a Meeting was held by the U.F.A. to discuss the Government's intentions of setting the price of wheat at \$1.75 a bushel under Government control and to allow the farmer the surplus (if there would be any) at the proceeds of these deliveries.

Nice chicken-feed, this surplus, for the government chickens, to keep them on the right side of the fence?

Is that the conscription of wealth the government has promised to do during the war? They have probably figured out at Ottawa, that with a crop every 2 or 3 years the farmers in the West cover their cost of production at \$1.75 a bushel and the rest is profit, or in other words, wealth. Why not conscript

27? The farmers are a loyal bunch of fellows, and under the cloak of patriotism they will stand for quite a lot, and if they kick, well, they shall call them Holcherists.

The following resolutions were passed to be voted immediately to H. W. Wood, President of the U. F. A., who is now in Winnipeg looking after the interest of the farmers.

Just a word regarding insurance

As farmers we all know that our income depends mainly on our crops. Anything that destroys our crops destroys our income. One of the main agencies that destroys crops is hail. We cannot protect our crops against hail but we can protect our income by taking out hail insurance. We can also protect the value of our personal property by insuring it against fire and lightning.

All the above lines as well as any other lines of insurance required are carried by us, in nothing but the very best companies. Three of our companies being the largest in the world in their lines, one company alone having assets exceeding \$125,000,000, and another which pays out on an average of over

Are you going to leave your crop against Hall this year? If you are, we would certainly like to have your business. We represent three of the strongest Hall Insurance Companies in Canada: **The Hartford, The Employers Liability and the British Crown**, with a Paid-up Capital of over \$65,000,000. Mr. A. Haley is our adjuster, he is well-known in our district and is considered by all farmers who have had occasion to have him adjust claims for them to be the most fair and impartial adjuster they ever had. We also wish to take this opportunity to announce that we are the only agents for the "Warren Mutual Fire Insurance Co." in this district; any offer offering to renew your Warren Insurance are misrepresenting themselves to you, they can only place your insurance in some inferior company. The Warren is the strongest Mutual Co. on earth, and is strictly a farmers Co., so when you insure your property, be sure it is in the Warren, then you are protected. We also handle farm lands.

Just a word regarding Insurance

As farmers we all know that our income depends mainly on our crops. Anything that destroys our crops destroys our income. One of the main agencies that destroy crops is hail, we cannot protect our crops against hail that we can protect our income by taking out hail insurance. We can protect the value of our personal property by insuring it against fire and lightning. All the above lines as well as any other lines of insurance required are carried by us in nothing but the very best companies. Three of our companies being the largest in the world in their lines, our company alone having assets exceeding \$125,000,000, and another which pays out on an average of over \$15,000,000 daily in claims alone.

If anyone endeavors to tell you that they have the only good insurance, tell them to read up a little in this line.

The Why? of Another Victory Loan

WHEN, on the morning of November 11th, 1918, the guns were hushed and glad tidings flashed across the world, these followed with the Nation's Prayer of Thanksgiving, one yearling query, which found echo in the faster beating hearts of wives, mothers, fathers, brothers, sisters and sweethearts. That query was, "How soon will our boy be home?" And, from France and Flanders, from Italy and Egypt, from Palestine and from far-off Siberia, there came an answering echo, "How soon, how soon, may we go home?"

CANADA caught the spirit of those longings, and at once resolved to satisfy them. It was an appalling task. Shipping was tragically scarce. The composition of the Army of Occupation had not been altered. And other parts of the Empire as well as Canada were looking for the speedy return of their men.

THE problem was this. The half-million men that Canada had overseas had taken more than four years to transport to the field of battle. To bring them home in a few months was a gigantic undertaking. One to tax all Canada's ingenuity and resources. Canada solved the problem, but it meant crowding into a few short months, an expense for demobilization which it was impossible to foresee.

THEN, too, it added the sentimental aspect of the necessity for bringing the men home quickly. The economic side could not be overlooked. That was, to transform efficiently and expeditiously the nation's army of 625,000 into a national army of workers.

Two Parts
(1) To provide national working capital.
(2) To provide national working capital.

Gratuities
There is also the gratuity which has been authorized, and it is being paid to all soldiers in full on the period between discharge and their adjustment to civil life. For this purpose an act of \$140,000,000 must be provided out of the Victory Loan 1918. In addition to the \$140,000,000 already paid out of the proceeds of the Victory Loan 1918.

These five things thought to our outstanding obligations to soldiers, and to our need for national working capital, cannot fail to be improved with the absolute necessity for the

Three national expenditures are our expense. They will be accepted readily by every citizen who gives thought to the task which Canada stands before. Proportional Representation —No. 3

Proportional representation is a system of electing members of a legislative body in which the number of votes required to elect a candidate is proportional to the number of votes cast for him. This system is designed to ensure that every vote counts equally and that the composition of the legislature reflects the will of the people.

In the current electoral system, a candidate must receive a certain number of votes to win a seat, regardless of the total number of votes cast. This often results in a candidate winning a seat with a small majority of the votes, while a large number of voters are left without representation. Proportional representation aims to solve this problem by allowing voters to elect candidates from a list of names, with the number of seats each party wins determined by the proportion of votes they receive.

Proportional representation is a more democratic system than the current one. It ensures that every vote counts and that the legislature is more representative of the people. It also allows for a more stable government, as no single party can win a majority of seats without the support of other parties. This encourages coalition governments and a more moderate approach to politics.

There are several advantages to proportional representation. First, it ensures that every vote counts. Second, it allows for a more diverse legislature, with representatives from a wider range of political views. Third, it encourages parties to appeal to a broader range of voters, rather than focusing only on a narrow base of support. Finally, it promotes a more stable and representative government.

The Navy League of Canada
Its Vital Work for Canada

The Navy League of Canada fosters the splendid spirit that made the British the greatest of maritime nations. It organizes loyal Canadians so that practical work may be accomplished for the development of Canada's direct interests at sea.

The human side of Canada's Merchant Marine is the League's especial study. It trains British manhood that won its laurels again and again in the great war—valiant distress among victims of the submarine warfare—and giving the sailor shore an alternative place for rest and recreation to the places of doubtful entertainment that abound in port.

Why the \$500,000 is needed

On Nelson Day, October 21st, starts a 3-day campaign throughout the Dominion to raise \$500,000 necessary to finance the coming year's work of the Navy League of Canada. Help the work by giving liberally. As a nation whose expanding trade will depend on exports, we must subsidize our boys to the highest type of seamanship so that they will be equipped to man our ships to carry our exports to foreign markets.

You do your part in this work by contributing liberally to the support of the Boy Navy Leagues, the organizations by which the Navy League trains boys for our merchant marine.

Every dollar subscribed will be used to further the work of the Navy League in Canada—the work in which you are personally interested.

As a patriotic citizen, make it a point to contribute.

The Hillside of the Empire

Look to the Future

Begin with the Boys

THE glorious victories of Drake and Nelson were destined to be the foundation of our Empire and the guarantee of the freedom of the seas, which makes possible the vast international trade of Britain and her Dominions.

And yet when Drake and Nelson chose the sea as their highway, who was there to know what would be the overwhelming consequences of their decision?

Today, if you have any question in your mind as to whether you should support the work of the Boy's Naval Brigade, study the matter with an eye to the future. Get clearly in mind the tremendous importance of Canadian products reaching foreign markets, which can only be secured by the building of a great Canadian Mercantile Fleet, manned with Canadian Seamen.

We may build ships by the hundred, but if we cannot man them ourselves our position is still economically weakened. If we do not train Canadian lads to man our merchant fleet, we shall be left behind in the race for greatest opportunity for trade expansion in all history!

What will YOU do to help our Canadian boy who is anxious to learn seamanship, and who will be the greatest service to his country?

Let your contribution to the fund be a worthy answer. Help them by giving!

"Thank God I have done my duty!"

*All for Canada
Canada for all*

Canadians!
*This is a call to National Service—
The Victory Loan 1918
which opens to-day.*

YOU are citizens of no mean country.
Canada is a fair, free land.
Canada is your country.

Canada—now—has need to borrow from you—Lend!
Lend without restraint of politics or fine distinctions of creed or party.
The leaders of the political parties endorse the Loan.
It is CANADA that asks:

And why—

- To clean up the list of the War's commitments and expenses;
- To establish beyond all question the capacity and credit of your country;
- To care for the wounded and maimed soldier;
- To finance the bones of the returned soldier already paid;
- To enable the fruits of Victory to be gathered;
- To ensure the prosperity of you, her citizens.

The guns of war are silent—but they are not yet cool.
The guns of war 1918 is a War Loan.
The Victory Loan 1918 is a War Loan.
Canada's book of war is gloriously written—make this, the closing chapter, a worthy one. The responsibility is yours. **LEND!**

LEND! LEAD!

*Endorsed by Canada's Victory Loan Committee
in conjunction with the Minister of Finance
of the Dominion of Canada.*

Want \$200,000,000

March 6—New York. President
Roosevelt today has requested
Congress to appropriate
\$200,000,000 for the purpose of carrying out a plan

ABOUT YOUR CHILBLAINS!

Chilblains, a distressing condition, are caused by the blood vessels in the extremities contracting too much when exposed to cold. This causes the blood to flow away from the extremities, leaving them cold and numb. The skin then becomes itchy and red, and in severe cases, it may become cracked and sore. The best way to prevent chilblains is to keep the extremities warm and dry. This can be done by wearing warm, dry clothing and using a good quality ointment like **Zam-Buk** to keep the skin soft and supple. **Zam-Buk** is a powerful ointment that penetrates the skin and warms the blood vessels, thus preventing the contraction that causes chilblains. It is also useful for treating other skin conditions like eczema and psoriasis.

Canada's Status

Canada's international position has been discussed by the Hon. J. G. Macdonald, Minister of External Affairs, in a speech made at the opening of the annual session of the Canadian Parliament. Nation the World Can
Rely On

Western Canada is the last great
Anglo-Saxon nation the world can
rely on. The dimensions of its de-
pendence are represented by the fact
when it is realized that Canada West-
ern is as large as Britain, with seven
European countries in addition.
population in excess of fifty million
can be supported in Western Canada.
At the present time the resource sta-
tistics do not represent one twentieth
this number. Countless acres of
first class land await development
to crop producing areas. The cattle
question is summed up in a few words
bespeaking what might be called
genius in the British Empire. This
western country will some day stand
if proper means are adopted to pro-
pize its immensity.—Athelethc Review

For Colds, Pains, Headaches, Neuralgias, Toothaches, Rheumatisms, and for all the other ailments which cause suffering, take Aspirin marked with the name "Bayer" or you may get cheap Aspirin at all "Bargain" stores. "Bayer's Tablets of Aspirin" is an authentic Bayer product, which maintains complete efficiency. Then you are getting real Aspirin—Aspirin as it is known and valued by physicians for over thirty years. Surely the boxes containing 100 tablets cost less than a box of "Bargain" Aspirin. Buy "Bayer's Tablets of Aspirin" today. You must say "Bayer's" Aspirin to the store clerk, and insist on getting the genuine Bayer Aspirin. There are thousands of cheap Aspirin tablets on the market, but only one Aspirin—Bayer's—You must say "Bayer's" Aspirin to the store clerk, and insist on getting the genuine Bayer Aspirin. In regard to the numerous ground
it is found impossible to purchase
as a piece of ground in the
vicinity of the company at
Mount of demolition to be sold.

The secretary was instructed to
attend to the matter of the
company at Mount of demolition
to be sold.

The location of the road along the
west side of the track, which it
was requested was likely to be closed
thus shutting off access to the Blue
Gray Mine was taken up, and the
secretary was instructed to get in
communication with the Dept.

Village location from the band was
present, and the question of a band
stand was taken up. Mr. Rollis,
Mr. Crist and Mr. Len. Robertson
explained the position and feeling
of the band, in the matter, and
after some discussion it was decided
to erect an exhibition foot band
stand, and point it, the council to
furnish the material, the band to
assist in the erection, also under-
taking to get out and play during
the stand at least one week in the
summer.

In order to provide the Ladies' Aid
with a place to make teas, etc.,
on holiday occasions, it was decid-
ed to make the stand four storey
high, closing in the lower part
when not in use.

It was also decided to take an
official census of the village some
time this month. One of the most
important advantages of the step
being that as the question of water
supply was being brought up by
the Utilities Commission, it would
be necessary to have accurate
figures of the village in order to
establish our harvesting powers.

The question of fast driving of
cars on the streets, and the proper
parking of cars, especially on Sat-
urday nights, occupied some atten-
tion, the increasing danger being
pointed out. It was left to J. Bo-
hey to see if some improvement
could not be made in this regard.

CHRISTIAN ENDEAVOR SOCIAL

The Young Peoples' Society of the
Presbyterian Church held a
social gathering, Wednesday even-
ing last, when Mrs. Peters and
family were given a farewell. Mr.
Patterson addressed some very
kind appreciative remarks, the
singing of "Auld Lang Syne" and
many good wishes were given.

A good impromptu musical pro-
gram was given, including:
Selection on the organ, by Miss
Thompson. Solo by Miss Len.
Miss Kerach, Mrs. Patterson, and
Mr. Clipperton. Readings by Mrs.
Kellie and Miss Fering. Recitation
by Mrs. Edna Peters. Concert solo
by Mr. Crist. Clarinet solo by
Mr. Jones. Recitation by Mr.

Canada Needs More Workers

With labor shortages for a long time past, it is not surprising that the British Isles have been unable to supply the demand for labor in the Dominion. The Dominion has been unable to supply the demand for labor in the Dominion. The Dominion has been unable to supply the demand for labor in the Dominion.

During the war, immigration was practically at a standstill, and the shortage of labor was not due to a lack of workers. The shortage of labor was not due to a lack of workers. The shortage of labor was not due to a lack of workers.

We do not think Canada could replace the foreign labor in the event of a loss of the immigration here, and there is no one who would do so. The shortage of labor was not due to a lack of workers. The shortage of labor was not due to a lack of workers.

The difficulty of securing the right type of immigrants, the only kind who are prepared to accept work in the Dominion, is increased by the fact that the Dominion is not a country of immigrants. Canada and Its Future

With the celebration of Dominion Day, completed, it is now time to consider the future of the Dominion. The first step in this consideration is to look at the past. The Dominion has been a success in many respects. It has a large population, a rich natural resources, and a strong government. It has also been a success in many other respects. It has a strong military, a strong navy, and a strong air force. It has also been a success in many other respects. It has a strong economy, a strong culture, and a strong education system. It has also been a success in many other respects. It has a strong foreign policy, a strong international relations, and a strong global influence. It has also been a success in many other respects. It has a strong history, a strong identity, and a strong future.

THE LIFE OF PACIFIC COAST

Summer tourist tickets to all Pacific Coast points are now on sale. The Grand Trunk Pacific Railway and Steamship Lines have arranged a series of tours at attractive rates which should make a special visit to the coast. The tour combines the most scenic of the Canadian Rockies and the ocean voyage in the protected waters of the Inside Channel through North Pacific Coast waters from the Alaska Coast to Vancouver. Victoria and Seattle are not only excellent for scenic beauty in America. Grand Trunk Pacific Steamships are the fastest and best in the North Pacific regular service. All outside state rooms, best and cold running water in each room. In fact they are regular going ocean steamships modern in every particular. For particulars, see any Grand Trunk Pacific agent or write to W. L. Dupere, Gen. Passenger Agent, Vancouver.

Agriculture

It is a well known fact that every farmer who has a good supply of fertilizer for his crops will get a better yield than the one who does not. This is true of all crops, and the reason is simple. Fertilizer gives the soil the elements it needs to produce a good crop. It is the most important factor in the success of the farmer.

Town Topics

It would have been easy to have missed everything and everybody for the loss of the two pianos, but Three Hills showed its small but sporty getting lost and getting things right.

Mr and Mrs J. F. Clark returned Wednesday last from their home moon trip to Banff and are making their home in the rooms above. In their rooming the hearty good wishes from a host of friends in town and district.

Willing helpers are making excellent progress with the school new building on the Fair grounds. The vacant foundation was put in last Friday.

Johnson and McLeod arrived in their aeroplane Sunday evening from Hanna going north. Several passengers went up, but when five Hoops climbed into the seat the machine refused to leave the ground.

A large number of Three Hills folk took in the arbutus and Sunset City sports and all report a hot lively time.

With the rapid development of Three Hills and district, grain men are getting so busy that the getting is good. The Alberta Pacific have a large gang at work on their new elevator, the Bessell Co. are going to build a large annex, the Home Elevator Co. and the Western Milling Co. are preparing to put up an elevator each, which will bring the storage capacity here close up to half a million bushels. The loading platform near the U.G.G. elevator will be moved to make room for the two new ones. The new wing in line, and which we understand has already been ordered, is a flour mill and electric light and power plant.

Survivors were up last week and started off with more new job track which is necessary to handle the ever increasing business here.

Mr. Strathairn left last week for Red Deer for a few weeks. Mr. McKenzie of the Union Bank operating the picture theatre during his absence.

Mr and Mrs D. Witwer and family returned Thursday from a few weeks' holiday at the coast cities. Mrs. Biddall went to Calgary this week for treatment.

Mr Hamilton, of the American Christian Alliance, a returned missionary from India, conducted the service Sunday evening at the Presbyterian Church, and held meetings Monday and Tuesday evening.

Mr and Mrs C. L. Adsett and son, of Minnow, were visitors with Mr and Mrs Rolfe over Sunday.

Lion Lockhart who delighted a large number of Three Hills folk at the Calgary Fair has been killed by the collapse of his aeroplane. He had delayed one of his flights.

The fine new Merchants' Bank block is nearing completion and adds very materially to the appearance of Main Street. A. H. will add considerably to his stature when he moves across.

Secretary McWhirter states that entries of the fair have already started to come in, and he believes we are going to have a good showing.

The lumber yards are very busy these days. With the splendid crop prospects, our farmers are wisely putting up good new buildings.

Presidents are going ahead for the school fair which takes place here early in September.

Mr. McPherson, ex-mayor of the Northland Yards moved into his new residence this week.

The new hand stand appears to be well situated, the music on "hand nicks" sounding well around, and well appreciated by everyone. More, more.

ON MATTERS OF PUBLIC INTEREST TO DRILLERS
IN THE PRARIE PROVINCES OF CANADA

A SERIES OF ARTICLES DEALING WITH VARIOUS
WESTERN QUESTIONS

VICTORY BONDS

Despite some financial straits, there will be a good deal of surplus money in Western Canada this fall.

It is true that crop crops are by no means of an equal quality. The average wheat harvest is no profit well and the price that prevail will on the whole make them profitable. With the exception of the wheat crop, a few districts have been going through hard seasons, the farmers who are not successful in their crops will have a good deal of surplus money in hand.

For the past three falls the people of the country have given tangible evidence of their prosperity and their interest in the large sums they have contributed to the Victory bonds and have been the leaders of the advanced bands and are a credit to the western provinces as borrowers, not lending institutions. The Victory bond campaign has proved this theory.

It is now known that there will be no further loss of Victory bonds or other popular Government securities this year, and the borrower with a surplus on his hands will have to consider the best form of investment.

There are many who have been advised mortgage money is the best form of investment. The mortgage money is not only the best form of investment, but it is also the best form of investment. The mortgage money is not only the best form of investment, but it is also the best form of investment.

There is, however, a splendid investment ready to be placed on the market. The people of the country are not only the best form of investment, but it is also the best form of investment. The mortgage money is not only the best form of investment, but it is also the best form of investment.

Church Union Again Warmly Discussed By Mr. Spooner

The Editor:

Dear Sir:—Last week you published an editorial in which you stated that you thought it was not necessary to have a church union in Canada. I am writing you to say that I am not in agreement with you on this point.

I think a church union is necessary in Canada. I think it is necessary for the church to have a union in order to be able to do the work that is before it. I think it is necessary for the church to have a union in order to be able to do the work that is before it.

IMPORTANT NOTICE TAX RECOVERY ACT

To all parties whom it may con-
cern

1. Take notice that the provisions
of the Tax Recovery Act are oper-
ative for the year 1939 within the
bounds of every municipality, urban
and rural, and every improve-
ment District of the Province of
Alberta.

The land will be advertised for
sale as soon after August 14th as
possible, by the Municipal taxing
authorities, and on the day and hour
and at the place mentioned in the
advertisement will be sold for the
taxes in arrears as of date (December
31 1939) together with the costs
(interest, mortgages, remainder
and any other interest) should
communicate with the
municipal authorities regarding the tax.
The arrears and costs may be paid
up to the time of sale, and after
the sale there is one year for the
redemption of the land.

From an unknown author comes the all important question to every seeker of Success:

You want success. Are you willing to pay the price for it?

How much discouragement can you stand?

How much learning can you take?

How long can you hang on in the face of defeat?

How long can you keep your

Two fields of wheat on the farm of R. M. Johnson, about 10 miles due west from Regina, on the main line of the C.P.R. are harvested and stored. The yield on one acre ran (mostly) into bushels to the acre and on the other some 10 bushels. The wheat here is of a world grade. It is winter wheat. Mr. Johnson is apparently not compensated by the parcel of wet weather which visited the province in the early part of the month.

NOT WHAT YOU EARN BUT WHAT YOU SAVE

Remember it is not what you earn but what you save that distinguishes you from the impecunious
You may require a little capital to purchase a business, a farm, a house of your own, or you may
wish to give your children a start in life.

It is remarkable how quickly your savings accumulate when wisely invested.
5 per cent Savings Certificates are issued in denominations of \$5, \$10, \$25, \$50, \$75, \$100, \$150,
and \$10,000 and are payable on demand.

Gold Bonds are issued in denominations of \$100, \$500 and \$1000, and bear interest at the rate of
6 per cent per annum, payable half yearly, 1st May and 1st November.

Here you have all essentials of high class investment—an unimpeachable security, high interest
returns, prompt payment of interest.

These Bonds may also be purchased through any recognized bank, bond house or insurance agency in the Province of Alberta.

PIMPLES ITCHED AND BURNED

Face Now Beautifully Disfigured.

Californian boy and his mother had a very bad case of pimples. The boy's face was so badly affected that he was unable to go to school. His mother was very anxious to get him cured. She tried many different remedies but nothing seemed to help. Finally, she decided to try a medicine called "Pimples Itched and Burned". After using it for a few days, the boy's face began to clear up. After a week, the pimples had almost entirely disappeared. The boy was now able to go to school and his mother was very happy.

A FEW RAMBLING THOUGHTS BY A YOUNG WOMAN

THE MOTHER CHAIR (By Ruth Emmet West)

I never touch the wonder of her hair. Her golden tresses like a sun. That curls of other children are not there. Who knows, perhaps, when I am dead.

I never feel so much confidence. I never feel so much love. When I see her little face and hair. I feel as if I were a mother.

I never hear about her any more. Oh, how I wish to see her face. But other hands are under her face. I wish to see her face.

Oh little daughters when you make a tear. How often I wish to see your face. How often I wish to see your face. How often I wish to see your face.

I wish there was nothing more wonderful than that the compass that I see in her face. I wish there was nothing more wonderful than that the compass that I see in her face.

I wish there was nothing more wonderful than that the compass that I see in her face. I wish there was nothing more wonderful than that the compass that I see in her face.

I wish there was nothing more wonderful than that the compass that I see in her face. I wish there was nothing more wonderful than that the compass that I see in her face.

I wish there was nothing more wonderful than that the compass that I see in her face. I wish there was nothing more wonderful than that the compass that I see in her face.

CLEANLINESS IS HEALTH

By the use of Gillette's Lye, house cleaning is made a pleasure instead of a drudgery. It softens the water and cleans thoroughly whether the soil is visible or invisible. Destroys all bacteria, and infection germs, removes obstructions from drain pipes, closets, sinks, etc. Refrigerators are made delightfully fresh and clean by using one teaspoonful of Gillette's Lye dissolved in two gallons of water.

SUGGEST PUTTING FARM HELP UNDER FACTORIES

That the United Farm Women Association, as far as the Calgary division is concerned, would be interested in the problem of the working girl's budget, was brought out by Mrs. L. F. McCallum, president of the association, at a meeting of the Calgary division of the United Farm Women Association, held last night at the Hotel Calgary.

The meeting was held in the hall of the Hotel Calgary, and was attended by a large number of the members of the association.

There are indications that the people of Canada are making an attempt to stabilize their politics. The new and conditions under the political conditions which the people of the country had long been accustomed to see in the past, according to their own government and association. The new conditions are not new, however, these appear to be as we know, these are the people of the country for the sake of the national welfare.

Political has been the British Parliamentary system, which there are two parties and political parties, to be divided. An opportunity is being given to the people to choose their own. The Hon. Arthur Meighen, Prime Minister of Canada, is accompanied by one of his oldest friends, the Hon. J. H. Macdonald, from the public platform is a regular feature. The Hon. J. H. Macdonald is a politician for his own sake and his country. He is a politician for his own sake and his country. He is a politician for his own sake and his country.

"October's Children" A Woman's Voice Should Be Sweet and Low

one acquires pleasing reflections and sensations. I find it odd that ~~many~~ American mothers do not regard the issues in which they speak to their children, who are born initiators. Music is the key to the heart, and the human voice, being woman's most natural medium, ought to give out all that is noble and sweet in the human heart. Why do women by

The American stage has evolved speaking roles for all kinds of people, the best elements of all sections of the country. Racializing theatrical stars whose voices have been popularly described as, "just naturally beautiful—not a bit stacy you know," we sought Blanche Bates between the acts of "The Famous Mrs. Fan."

What is security in "Woman's voice"? It is stated in low, well modulated tones.

"A low pitch, softness and an easy action"—I mean lack of strain. When the vocal chords are pressed on too hard, they produce either the high shrill school-girl voice, a harsh metallic sound, or machine tones unpleasant in a woman. If nature was unkind in creating our vocal cords, they suffer by listening to our tones try the various notes and ranges

and selecting that which sounds most pleasing, never forcing anything above or below the octave that brings out the best quality we have. That nasal quality most of us Americans have isn't necessary at all. It's pure laziness. A vocal vowel, for example, of course, of only the few, but all of us can cultivate clear, gentle tones that do not grate on the ear.

"The power of imitation is an

great in us that I've often noticed," continued this daughter of California. "How we unconsciously watch our behavior from the level of the person to whom we are speaking. The shrill-voiced girl is instantly smoothed by low gentle tones and she drops into a quieter key. The soft answers turneth away not only wrath but worry and excitement."

At Frank McGlynn, who has recreated Lincoln "or us in the Drinkwater Line."

One expects sympathy in a woman's voice, some quality that speaks kindness and sweetness. You can soon tell whether the voice is just an ear-catching, ravenous

A voice that conjures up the picture of a wholesome, reserved young girl, as demure in thought as in appearance, belongs to Miss Margaret Kennedy. Miss Kennedy says she doesn't know how she gets that tone, but she did have a dreadful time getting the kind mix of it.

"When I first came to New York," she told us, "I was immensely heartened because a prominent critic had written of me: 'Madge Kennedy, whom we never saw before, may keep the play going.' But she has to get rid of that brilliant burr that comes streaming from the shores of Lake Michigan, before we care to hear her again."

"I came from Chicago," explains Miss Kennedy, "and I couldn't deny my 'r's.' I had to

Winding up our investigations in Miss Margaret Wycherly's dressing room between the acts of "Jenny Clam," we discovered that taking pleasure in a very simple thing indeed.

"A low voice being an excellent thing in woman," quoted Miss Wycherly, "I try to direct my voice as far forward as possible, through the mouth. Most

And so the moral is—notice your own voice and compare it with other voices. Are the sounds that issue from your mouth like pearls of the fairy tale, heaven, or are they like the sounds and the reptiles of her wicked step-sister?

The mind of Balzac not only captured and immortalized the life of his time, but he was a man of practical business plans that made fortunes for at least two other persons, and would have made several fortunes for himself if he had not been more of an artist than a businessman. In a recent morning's paper we read:

An enormous clubhouse is nearing completion on an island near Havana. It is stocked with everything in the way of drinkables. It promises to become quite famous as a second Monte Carlo. In addition it will provide golf and other diversions for those athletically inclined.

Question: Farmer's wife, Glouchen. How does gold come into the earth?

Answer: The gold now found in the earth has been formed there, at the fact it is quite evident that a little nation such as Switzerland, Holland, Sweden, may be just as prosperous as a big one, its citizens less burdened, its children better cared for, its laws more just, humane and progressive. Our New Year's Message:

Although we are in a very different position with the adjustment of our new conditions which are a trial to many, something must be done. We have in Canada have every reason to enter into the New Year Spirit, especially this year. We all know the adjustment period had become somewhat of a trial to many, but a dark cloud hangs over us. No one could see the light of a new year, but we must see the light of a new year.

With some and conservative optimism, we can all carry on our work, looking for the light of a new year. We must see the light of a new year, but we must see the light of a new year.

This is our New Year's message. We must see the light of a new year, but we must see the light of a new year.

AN INDIAN LEGEND

The White Lily

Long, long ago, before the white men came to the country, the Indians were very happy. The tribes did not go on the war path and the great chiefs smoked together the pipe of peace. Games and food of all kinds was plentiful and the people loved each other. The days were long and very pleasant. The nights came like new moons.

THE MOZART LADIES' QUARTET

Musicians and Entertainers

The Mozart Ladies Quartette

Probably the most satisfactory Quartette combinations we have presented are the combined vocal and string quartettes.

This season we offer the *Mozart Ladies Quartette*, directed by Marie E. Viol, just returned from the Royal Academy of Music in Europe.

The program consists of vocal and instrumental quartettes, together with costumed numbers, readings, trios, solos and duets.

The Mozarts are without exception one of the best, if not the leading, ladies quartette on the Lyceum platform this season, and are sure to please everywhere they go.

What has been the street all week and a snow standing at 31 ft.

The bridge committee have put down the bridge which is to be erected at the river bridge.

The Chess and Checkers Club were entertained at Mrs. Thompson's Monday evening, last, when a very pleasant and enjoyable evening was spent.

Mr. Nelson left Saturday last for Chicago and Winnipeg after a short stop at the latter place, proceeding to New York for boat to England.

Mr. Wanda of Alderson, has been appointed to fill Mr. Nelson's place in the Town Bank during the latter's absence.

Mr. Peter Norton, an respected farmer and business man of town, and in a day's farming, at Mr. Norton's, was a visitor to town the week of the week. He reports Mr. Norton and family to be well and enjoying the winter, in the climate here.

Building operations have started in early this spring in town, several buildings, including a large one, are under way. Mr. Jenkins is making up a list of the houses to be built for the winter. He is also making up a list of the houses to be built for the winter. He is also making up a list of the houses to be built for the winter.

The Three Hills basketball school and ladies' team, journeyed up to Murray Wednesday and played two games there, the women team winning by 30-20, the girls who played the boys intermediate team by the narrow margin of 21-20. The first team, who are all big, bulky fellows, received their first loss in town. The girls team was ordered to leave, but our boys were in good shape and they fought all after the first few minutes. Arrangements have been made for Murray to come down Monday 10th, a referee from Calgary will be in charge at the game.

Miss Kernech returned Monday, from her two month holiday, resuming her duty at the school, Tuesday.

Mrs. Chamberlain, of Calgary, is visiting at her daughter's, Mrs. White.

The Canadian Girls in Training club, known as the C.G.T., which has been formed as a result of the visit of the organizer, Miss Miss Story, met at the home of Mrs. Rev. Patterson, who is acting as director of the club.

We were pleased to see N. H. Davis around again after his accident.

Rev. J. S. Peterson and G. T. Robertson, Three Hills, and Rev. Charles and H. R. Davidson, Calgary, are attending the Red Cross Presbytery meeting.

Mr. and Mrs. James moved this week to their new farm, five miles out. N. S. Nichols is expected back home shortly.

A local representative meeting of ratemakers met on Monday evening to discuss a proposed electric light scheme which is being brought forward by Mr. Anderson and associates. Mr. Morton, an expert electrician, from Calgary, explained the details of the proposed franchise, and considerable discussion took place. The question was eventually turned over to the council for their consideration. Mr. Anderson met the council again Tuesday morning and the franchise is to be re-submitted at the regular meeting on Monday next, with several modifications.

Good progress has been made during the week with the Three Hills Milling Co.'s property and over 500,000 of stock has already been sold, which puts the business into concrete form, enabling the directors to go before the Farmers Board for final approval. Everything has now got to be in absolute good shape to get by the board, whose duty it is to safeguard the interests of prospective shareholders.

Trans-Canada the Route. With automobiles marked out every day, and with a regular service of the planes, there would be much to be gained in the way of a service between Halifax and St. John's. The service would be much to be gained in the way of a service between Halifax and St. John's.

The Whale's Oil Bomb. In the upper portion of the head the whale has an immense oil sac, in which the valuable "oil" is found in a liquid condition, and from which it may be dipped out with a bucket when an incision has been made. From a sperm whale sixty feet in length twenty barrels of sperm oil may be obtained. The oil is found in a liquid condition, and from which it may be dipped out with a bucket when an incision has been made.

New Explosives. In South Africa is now manufacturing a new material to take the place of nitroglycerine explosives. It has been found in India and is regarded as both strong and safe. It is called "nitro" and is regarded as both strong and safe. It is called "nitro" and is regarded as both strong and safe.

His Majesty. A British general who was commander of a district in India had presented the prize at the district sports, and was rather surprised when one of the prize winners, a private in an infantry regiment, approached him a few days later and begged to know if he would be allowed to change his prize for something more useful. "What was your prize?" asked the general. "In reply, the man produced a long spear from under his arm and showed a handsome pair of most expensive. Very nice, I am sure," said the general. "What do you want to exchange them for?" "Well, you see, sir," replied the man, "I would rather have a knife and fork of the size to set me with."

...the fact that the government has been unable to raise the price of wheat to the level of \$1.00 per bushel, which would have allowed it to pay farmers the full cost of production.

The government's failure to do so has resulted in a loss of income for farmers of approximately \$100 million per year. This loss has been made up by the government through various means, including the sale of wheat at a discount to foreign governments and the payment of subsidies to farmers.

The government's policy of subsidizing wheat production has also led to a decline in the quality of the grain. The government has been able to keep the price of wheat low by paying farmers to produce more than they need, which has resulted in a surplus of grain that is sold at a lower price than it would otherwise be.

Internal Migration

It is generally recognized that the Land Settlement Board, with its location in New Orleans, has suffered from a lack of contact with the people to whom it is supposed to be rendering aid. It is true that the board has been active in the field, but its efforts have been largely confined to the immediate vicinity of the board's headquarters. From paying nominal high prices for the gold ore, the exporters of the board found it difficult to sell the ore at a price as high as at a time in the sale of the ore, they were forced to pay reasonable prices. It undoubtedly will be a relief to the exporters under permanent prohibition and incidentally in promoting the local economy.

An Established Principle

The proposed legislation making the owner in a mine liable for the cost of the ore, is a principle observed in the common law.

THREE HILLS CAPITAL

The Three Hills Capital

Published weekly by C. H. LEATHLEY, PROPRIETOR

A most interesting article on the subject of the Three Hills capital was given by Mr. H. A. Larnach at the meeting of the Three Hills Capital Association on Tuesday night. He spoke of the importance of the Three Hills capital and the need for a more active role in the development of the town. He also spoke of the need for a more active role in the development of the town.

Will H. Larnach, who is a resident of Three Hills, spoke of the importance of the Three Hills capital and the need for a more active role in the development of the town. He also spoke of the need for a more active role in the development of the town.

The danger of a more active role in the development of the town is that it will lead to a more active role in the development of the town. This is a danger that must be avoided.

Mr. H. Larnach, who is a resident of Three Hills, spoke of the importance of the Three Hills capital and the need for a more active role in the development of the town. He also spoke of the need for a more active role in the development of the town.

The importance of the Three Hills capital is that it is the heart of the town. It is the heart of the town and the heart of the town.

Mr. H. Larnach, who is a resident of Three Hills, spoke of the importance of the Three Hills capital and the need for a more active role in the development of the town. He also spoke of the need for a more active role in the development of the town.

An accident, of a sort which might have been avoided, occurred on Tuesday night. It was a most interesting accident.

We are still SLASHING PRICES

There's no let up with us.

Before our latest in Three Hills a cut price was unheard of. It was the highest price town in Alberta. Like the words of the old song "We're following in father's footsteps" everybody is trying to follow in ours. It was the originators of frozen grain prices in the store. Now everybody's doing it.

We Set the Pace, Always Did, Always Will.

Here is the unprejudiced suggestion of one of our leading Canadian farm papers.

CANADIAN FARM

"Paint the Farm" Campaign

To you want your township to be called the smartest, most progressive township in Canada? If you do, start a "paint the farm" campaign and you will realize your wish. Farmers' limitation can be no better worth than you and help the farmer to paint. But he should not be an artist; the value of a money maker and the worth as a foundation to high class progressive farming should make paint the sheets of every farmer. If you must put your dirty crops in a well-painted water-painted barn.

The business like farm owner who works systematically to make the most out of his land, realizes the importance of a tidy economy of properly taking care of farm equipment. He appreciates that good paint plays an important part in protecting his home and farm buildings from wear and tear of the weather. He knows that wagons, bridges, farm implements, and machinery can all be made to last much longer and be less likely to be properly painted all the time. Paint keeps wood from rotting and rusting and metal parts from rusting. It saves expensive repairs. We carry a full line of Sherwin-Williams Paints and Varnishes for the farm.

A Justifiable Postponement

It is a well known fact that the most common cause of a postponement of a wedding is the illness of the bride or groom. In such cases, the postponement is usually for a short time, and the wedding is held at a later date. In some cases, however, the postponement is for a longer period, and the wedding is held at a much later date. This is usually due to the illness of the bride or groom, or to the death of a close relative. In such cases, the postponement is usually for a longer period, and the wedding is held at a much later date.

The Merchants Retail Sales

Service of Calgary, Regina and Winnipeg

Now Selling SETH WITTON'S stock at unheard of prices.

It is no exaggeration to state that we are going to CUT and SLASH prices such as you never dreamed of, and you women, yes and men too, will regard this SALE as the BIGGEST PRICE CUTTING EVENT ever attempted by any mercantile business in all Western Canada. We challenge them all. We defy all catalogue prices.

Our Opening Day was away beyond our expectations. We were as busy as bees all day. And why shouldn't we? We wish to state, that we have now more sales-people added to our big staff.

Listen, Folks, here is your opportunity to buy High-grade
Merchandise at almost Half-Price.

Remember folks, dont
miss a single day.

The store is jammed
full of real Bargains
You'll find them on
the shelves, on the
counters, and
everywhere.

If you have not got
one of our Big Bills,
phone us and we will
be glad to have one
go forward at once.

We are going to sell this man's stock. We are going the Limit. No half-way, the full
Twelve Rounds. The real Knock-Out of 1921 Prices. Prices belong to the Past.

We have no time to quote prices in this issue. Be sure and look for our big posters.

IT'S A REAL SALE.

NOTHING ELSE. FOLLOW THE CROWDS TO

R. J. ROLLIS & Co., Ltd.

The splendid results have been getting better and better the last few days have brought the insurance market down. The law will exercise their judgment in giving that insurance early in sufficient amounts in order that they can make some time. If your crop should be a success you can count on some other case, we have very generous cancellation provisions.

We have thousands of millions of dollars behind our Companies in all sorts of insurance, so that your security and service, when insuring with us, is unsurpassed.

Be it in mind that we are agents for the United General Insurance Co. Ltd., in both their Insurance and Land Dept. Now at old location just west of the Three Hills Hotel.

The Homesteaders
 By ROBERT J. C. STEAD
 Published by Special Arrangement with the Author
 (continued)

It was a very early morning in the month of May, and the sun was just beginning to show itself over the horizon. The air was cool and fresh, and the birds were singing in the trees. The homesteaders were all up and about, and the day was beginning to unfold before them.

CAN THE DEAF
BE MADE TO HEAR?

It is a well-known fact that the deaf are a large and increasing number in our population. It is also a well-known fact that the deaf are a people who are often misunderstood and who are often the victims of prejudice and discrimination. It is the duty of the National Trustees Association to help the deaf to overcome these difficulties and to enable them to live a normal and useful life.

100 ILL TO GO TO SCHOOL

Mother Tells How Daughter was Made Well by Little E. Pinkham's Vegetable Compound

COLUMBIA, Mo., Feb. 15.—The mother of a little girl who was made well by Little E. Pinkham's Vegetable Compound, writes to me from Columbia, Mo., and tells me that she has a letter from her daughter who is now well and happy. She says that her daughter was very ill and that she was unable to go to school. She says that she was very worried and that she was looking for a way to make her daughter well. She says that she found Little E. Pinkham's Vegetable Compound and that she gave it to her daughter. She says that her daughter was made well and that she is now well and happy.

Stomach Treatment Fails For Catarrhal-Trouble

Stomach trouble is a common ailment which often leads to serious complications. It is caused by a variety of factors, including indigestion, overeating, and the use of stimulants. The treatment of stomach trouble is often a failure, as the patient is not given the proper advice. The patient should be given a diet of bland, easily digestible food, and should avoid the use of stimulants. The patient should also be given a course of treatment with a mild laxative, such as castor oil, to keep the bowels regular. This will help to relieve the stomach trouble and prevent complications.

They are interested in the things that have made the country great, and in the things that have made it what it is today.

The Homesteaders are a group of people who are interested in the history and development of the United States. They are interested in the early settlers, the pioneers, and the people who have made the country what it is today. They are interested in the stories of the men and women who have built the country, and in the events that have shaped its history. They are interested in the things that have made the country great, and in the things that have made it what it is today.

Honest Advertising.

THIS is a topic we all hear now-a-days because so many people are inclined to exaggerate. For honest physicians told you that we claimed unreasonably, and that we were not. We won't answer it ourselves, we know that the truth will be told.

That it has all the virtues to-day that was claimed for it in its early days is to be found in its increased use, the recommendation by prominent physicians, and the endorsement of the public.

Fletcher's Castoria is strictly a remedy for Infants and Children. Honestly advertised as such, without a claim for more than its over 30 years of use have amply proven. A Baby's remedy for Babel. And not an adult's remedy for all the family and the world. It is a fact.

only relieved for a short time. Some of the doctors wanted to perform an operation, but my father objected. Finally, because there was a possibility of a cure, Dr. E. F. Plankham's Vegetable Compound was used. So thankful I am that I tried it. I am relieved from pain and emphysema, and feel as if it has saved my life. You may use my letter to help other women and I will gladly discuss it if desired. Write to Dr. E. F. Plankham, 111 Commercial, Toronto, Ont., Canada.

Those who are troubled as I am, Dr. Plankham should be immediately consulted for restoration to health by taking Dr. E. F. Plankham's Vegetable Compound.

Those who need it, should write to Dr. E. F. Plankham, Medical Co. (Confidential), 111, Comm. These letters will be opened, read and answered.

The Ladies Aid of the Presbyterian Church will hold a Bazaar and Sale of Work on the 11th and 12th of October on Saturday afternoon and evening, October 12th. The ladies have been preparing for some time now, and a splendid array of home-made goods, such as vestments, altar cloths, and a doll house, all of them by hand work, and home made candy will be amongst the attractions. Tea will also be served, and everyone is invited to come and have a good time. Buy something new in your line at moderate prices.

We Chances at All for Sep.
Junior had spent several weeks on business visiting a favorite uncle who lived in the suburbs and he was very interested in those happy weeks when he again paid her a visit. However, she had moved, and now lived in a flat. When junior came home he visited his grandfather in his father's country. "I can't see people so much around here who then drive over here and live in that building or fight with it."

Life's Real Meaning
As the sun rises every soul is born again, and the new day gives us chance to begin all over again. We can do as we want we will be no sin for the entire day. We can make it a red-letter day if we try hard enough. This is the way of growth. And if life does not mean growth, we are largely to us, then we have missed its higher meaning.—Crispin Beech-Mardon in Chicago Daily News.

handedly overestimated. A principal laid down by wise slaveowners is that property should be sold at a profit. All private affairs should be put into their hands. The fever wastes the farm. This is a general fact in all regions where a rebellion is practiced; it is not less true in all the rest of the country.

Always the Silver Lining

We'll admit that the future of the slave was a grim word, but it was not a distant prospect to the vision of the slave. In 1851, the sky can never become so black, but that a 100-year-old slave will spray the future with a way with a rainbow and a new horizon with Eastern of gold.—Helen Hunt.

OPPOSITE POST OFFICE

SPEND A WINTER AT THE
Olds School of Agriculture
TUESDAY EVENING, October 27th, 1921

The courses offered afford the best opportunity ever given farm boys and girls to obtain a practical education. The school term occupies only the slack months on the farm. The courses are free. Boarding and rooming accommodation are arranged for by the school management, and rates will be very reasonable. The farm in connection with the school maintains a good selection of live stock for judging purposes, and the demonstration of feeding and housing methods, and the experimental work very largely of the summer period provides the best and most recent material on crops and crop production. The school is equipped for the teaching of the elementary agricultural sciences.

the agricultural field, than there is today. The uncertain conditions and values of all farm products at present make it essential that the successful farmer be equipped with every bit of available knowledge underlying the principles of production and marketing.

Even professors train more carefully in their own subjects, what is more essential to the future farmer than an agricultural training. Give the boy or girl a chance, it will pay in satisfaction, in the improvement of farming methods, and in money.

I'm So Tired

Fatigue is the result of pressure on the blood. So when the blood is weak, the body is tired. The blood of the first industrialists: unusual and persistent work schedules and poor in the back.

Neglected kidney troubles lead to years of suffering from rheumatism or dropping into such fatal diseases as Bright's disease.

The kidney action is promptly corrected by use of Dr. Chase's Kidney-Liver Tonic. It does the work of the kidneys, regulates the blood, and builds.

Mr. John A. Hinton, R.R. No. 1, says:

"I was a poor sufferer from nervous headache and brain pain. I used a great deal of medicine, but it did me no benefit. Now I am robust in health and my head is clear. I am completely cured and can now do half the work I was before. I am very grateful to Dr. Chase's Kidney-Liver Tonic for what it has done for me and to you for putting it in my hands of others."

Dr. Chase's Kidney-Liver Tonic is sold everywhere. It is the only medicine in existence. Rates for sale at all druggists or in Adams, Boston & Co., Ltd., Toronto.

ITCHING RASH ALL OVER BODY

Burned Dreadfully. Lost
Rest. Cuticura Heals.

"I had an itching rash on my legs and shoulders which was very itchy during summer. I kept scratching my body and broke out into more eruptions. They caused me itching and burning. I kept scratching until I became very sore and I could not enjoy a single night."

"I had given up hope when I tried Cuticura. I used Cuticura Cream and it was about four to six weeks before I was cured, after which my skin was soothed and three bottles of Ointment. (Thank Miss Martin, Rossmore, Va.)" Washington

Cuticura Cream, Ointment and Tablets cure eruptions and various skin troubles, with comfort and almost instant relief. Write for free booklet.

The End of a Perfect Day!

At the end of a perfect day, the sun has set, and the stars are shining. The moon is in the sky, and the stars are shining. The moon is in the sky, and the stars are shining. The moon is in the sky, and the stars are shining.

MAKE LIGHT OF YOUR TROUBLES

There is nothing more depressing than a dark room, than a poor light in the home. We have a system of line of lamps that are genuine "Globe Chasers."

AEROLITE Quiklite Lamps, the best lamp money can buy—300 candle power, are now made in Canada with a consequent reduction in price.

ALADDIN Mantle Lamps, in a class by itself for all illumination, these are also reduced in price this year.

WHITE LIGHT Lamp Burners, give double illumination for same quantity of oil consumed. We also carry a full line of Lamp Bells, Chimneys, Burners and supplies.

For Desk and Globe Shooting we have the "Peters" Target Shells, the best shells we have ever handled; we have yet to hear the first complaint or criticism of these shells.

The Ladies' Aid met Thursday afternoon last, at the home of Mr. T. Robertson, at which over thirty ladies were present. A surprise was given to three of the old time members of the Aid, Mrs. Patton, Mrs. Burroughs, and Mrs. Howe, by having them seated at a table decorated to each in remembrance of the Ladies Aid in 1912, the date and name being engraved on each ring. The ladies spoke in appreciation of their appreciative girls, stating that a ring denoted a circle of friendship. The girls then rendered an interesting program.

Duet, Mrs. Patterson and Mrs. Osmond solo, Mrs. Taylor; Duet, Mrs. Craig White; Mrs. Kimball accompanying on the piano.

Western Grain Shipments From Pacific Port Reaching Unlooked For Dimensions

THE PORT OF SAN FRANCISCO, CALIF., has been the scene of a remarkable increase in the volume of grain shipments from the Pacific coast, and the port is now handling a volume of grain which is well beyond the dimensions of the port's previous capacity.

The increase in grain shipments from the Pacific coast has been the result of a number of factors, including the opening of the Panama Canal, the increase in the production of grain in the West, and the increase in the demand for grain in the East.

The opening of the Panama Canal has made it possible for grain to be shipped from the Pacific coast to the East by a shorter route, and this has resulted in a large increase in the volume of grain shipments.

The increase in the production of grain in the West has also resulted in a large increase in the volume of grain shipments, and the increase in the demand for grain in the East has also resulted in a large increase in the volume of grain shipments.

BRAIN No. 1

This cure at the top, is
a simple treatment in cases of
Dizziness, Headache, Insomnia, Nervousness, or any neural
defect. Also in removing
toxins, purifying,
restoring and clearing.

At least 97 per cent of people
have the brain slightly dis-
torted, fortunately, few
displacements are great
enough to cause any
or many of the above
mentioned symptoms.

Adjustment of the brain,
along with others, will
relieve any of the ailments
mentioned.

MONEY TO LOAN

Are you in need of Money to pay off a mortgage that may be coming due, or a note at the bank, that you were unable to meet on account of a short crop or a decline in prices of farm products?

If so, See Us as we take pleasure in announcing that we have just completed arrangements for a considerable sum of American money, and we are in a position to obtain for you as high as \$2500 or over on a good quarter note, suitably situated, and on farm lands in proportion. Interest rates at present on this money about 8% p.a. which we expect will be reduced to 6% or less in the near future. We keep the cost getting the loans down to the minimum. We are still having moderate sums on farm lands at 8 p.c. All loans may be had on 5 and 10 year periods.

See us Now! We can Save You Money

SASKATCHEWAN WOMAN RECOVERS

Fond Health by Taking
Lyn's E. Pinkham's Veget-
able Compound

When I was a young woman, I was very healthy and strong. But when I got married, I became very weak and sickly. I was unable to do any work, and I was in constant pain. I tried many different medicines, but nothing helped. Then I heard of Lyn's E. Pinkham's Vegetable Compound, and I decided to try it. After taking it for a few weeks, I began to feel better. My appetite improved, and I was able to do some work. After a few more weeks, I was completely recovered. I am now as healthy and strong as ever.

AMERICAN Celebrates Jubilee

Business in Face of War

The American people are celebrating the jubilee of the American Republic. This is a day of great significance for the American people. It is a day when we can look back on the many achievements of the American people, and we can look forward to the many achievements of the future. We can be proud of the many achievements of the American people, and we can be confident of the many achievements of the future.

RHEUMATISM?

Health in the Most Valuable Asset

Rheumatism is a very common disease, and it can be very painful. It is caused by a number of different factors, and it can be treated in a number of different ways. The most important thing is to keep your health in good condition. If you are healthy, you will be able to resist the attack of rheumatism. If you are not healthy, you will be more likely to get it. So, keep your health in good condition, and you will be able to resist the attack of rheumatism.

had been able to forward to the needy are transcribed to this page. The total value of the 152,000 tons of foodstuffs, valued between \$120,000 and \$200,000, and collected at the expense of the Government of the United States, was \$1,000,000. The Government of the United States, through the aid of the United States Government, has been in cooperation with the fund in doing some gratifyingly liberally. The fund has been organized as the most important of the United States Government, and has been able to maintain a constant supply of foodstuffs everywhere. As the foodstuffs contained in the fund are being distributed to the needy, it was possible to furnish meals at the most of the needy. This means that the fund would feed a child, or 25 children, or 100 children, or 250 children, or 500 children, or 1,000 children, or 2,000 children, or 4,000 children, or 8,000 children, or 16,000 Mr. Neach is confident that the initial steps of this great movement will be taken within a year. He says the need at which the world of aeromarine is moving calls for a drastic change in the immediate future in the system of world wide transportation and hopes that this development, originating on Canadian soil and headed by Canadian finance will be realized benefiting the Dominion once again in the foreground of modern aviation.

than the low level figure of the spring month of 1921. There are about 76,000,000 bushels of wheat still in the hands of farmers to be sold, it is estimated. The advance in price which is world-wide, will benefit farmers who have not disposed of their crops. The additional wealth available, if the price is maintained or if advances still more, will have a beneficial effect on conditions throughout Western Canada.

INCOME TAX

Income Tax returns accurately completed and expert advice and assistance rendered factories and business men generally.

All returns this year for 1931, whether taxable or not, either if taxable.

Our returns have stood the test, they are right. No after thought corrections and expenses, and I save you money, after each year.

There's a new way. See me now! All returns, if taxable, must be in by April 30th, or the penalty is levied.

Bones 2 and 4

Displacements of some bones, are the cause of severe rheumatism, inflammation, pain in arms and shoulders, Gouty, nervous prostration, some bleeding and Catarrh, as well as several other ailments.

Instead of having children's teeth examined it is more rational to have the bones adjusted and prevent decay, if they are displaced.

TO RETAIN GOOD HEALTH FOLLOW THIS ADVICE

Most important of all, a proper diet is the basis of good health. It is the foundation upon which the body is built. A diet of pure food, such as that recommended by the experts, will keep the body in the best of health and prevent the many diseases that are caused by impure food. The experts advise that the diet should be composed of pure food, such as fruits, vegetables, and grains, and that it should be eaten in moderation. This will keep the body in the best of health and prevent the many diseases that are caused by impure food.

The Kidneys

The effect on the outside world is often the result of the action of the kidneys. The kidneys are the filters of the body, and they are responsible for the removal of waste from the blood. If the kidneys are not working properly, the waste will build up in the blood, and this will cause a variety of symptoms, such as back pain, fatigue, and loss of appetite.

Backache and headache are among the symptoms. In some cases, the kidneys may be the cause of the backache and headache. The kidneys are located in the back, and if they are not working properly, they will cause pain in the back. Headache is also a common symptom of kidney trouble.

In order to forestall possible and avoidable trouble, action should be taken at the first sign of trouble. The kidneys are the filters of the body, and they are responsible for the removal of waste from the blood. If the kidneys are not working properly, the waste will build up in the blood, and this will cause a variety of symptoms, such as back pain, fatigue, and loss of appetite.

Canada's Pressing Need Is For Establishment Of Sound Immigration Policy

The Canadian government is faced with a pressing need to establish a sound immigration policy. The current situation is one of confusion and uncertainty, with the government's actions being criticized by the public and the press. The government has a responsibility to the Canadian people to establish a clear and consistent policy on immigration.

By J. H. B. Smith

The government's current immigration policy is based on a number of factors, including the need for labour, the desire for cultural diversity, and the need to maintain a high standard of living. However, the government has failed to establish a clear and consistent policy on immigration, and this has led to a number of problems.

One of the main problems is the lack of a clear definition of who is eligible for immigration. The government has a responsibility to establish a clear and consistent policy on this issue, and to ensure that the policy is based on the needs of the Canadian people.

Another problem is the lack of a clear definition of what is meant by "sound immigration policy". The government has a responsibility to establish a clear and consistent policy on this issue, and to ensure that the policy is based on the needs of the Canadian people.

The government has a responsibility to the Canadian people to establish a clear and consistent policy on immigration. This policy should be based on the needs of the Canadian people, and it should be based on a clear definition of who is eligible for immigration.

Lawrence J. Clarke, Clerk of the Court

Approved: J. J. Clarke, M.C. 02

Along with other portions of the Empire Canada is expecting and looking for a large influx of settlers in the near future. Investigations have been going on through the States and it is said to be very strong, developing northward. It is said to be "westward," but the change is also quite evident in the south. Thursday. Bringing in his lambs at nearly one log more, instead of following the others into the barrens, wandered down the yard Goss after her. Mr. Miles slapped her in the chest, and to her terror in the face. There was an odd favourite and had never been known to kick, but she struck out, hitting Mr. Miles on the chest, smacking in the cheek bones. Under such a display of passion after suffering extreme pain, he is now out of danger.

Why Castoria?

YEARS ago Doctor O.H. Fargentin, Drops and Boothing Bypurs were the remedies in common use for Infants and Children; Oyster Oil so nauseating as to be almost impossible and the others all containing Opium in one form or another, but so directed as to make them pleasant to the taste, yet really to stupefy the child and give the appearance of relief from pain.

It required years of research to find a purely vegetable combination that would take the place of these disagreeable, unpleasant and vicious remedies from habit had become almost universal. This was the inception of, and the reason for, the introduction of Fletcher's Castoria, and for over 30 years it has proved its worth, received the praise of Physicians everywhere and become a household word among mothers.

A remedy especially prepared for Infants and Children and no mother would think of giving to her baby a remedy that she would use for herself without consulting a physician.

Children Cry For Fletcher's CASTORIA

Have You Tried It?

Everyone who reads the above headline; how many believe it? Every year a little more in the above, and has that dear little one when the stomach was not but rather for the comfort that came with the use of Fletcher's Castoria? You have heard the cry at play.

Just help baby out of the trouble tomorrow with a taste of Castoria. Watch the difference in the tone of the cry, the look in the eye, the weight in the body. The transformation is complete from pain to pleasure. Try it.

You'll find a wonderful list of information about baby in the booklet that is wrapped around every bottle of Fletcher's Castoria.

U.S. FARMERS IN CANADA
Secure Exportation Privileges
Capital of \$400,000.00
A new and profitable business opportunity for U.S. farmers in Canada. The Canadian Farmers' Union of America is now offering U.S. farmers the opportunity to secure exportation privileges for their produce. This will enable them to sell their produce in the Canadian market at a profit. The capital required is \$400,000.00. For more information, contact the Canadian Farmers' Union of America.

\$10,000 in cash prizes

Many people have discovered that 2 in 1 Shoe Polishes are good for other things than for shining shoes. For example:

- 1 in 1 BLACK—Good for polishing same use, including suit cases, hobbles, black gloves, rubbers, etc.
- 2 in 1 WHITE—Coke and glass, cleaning haws, stains in white shoes, white kid gloves, auto tops, etc.
- 2 in 1 TAN PASTE—Good for polishing furniture, hardwood floors, etc.

For the Best List of New Uses for 2 in 1, We are Awarding Cash Prizes as Follows:

1st prize, \$10,000.00 for the most successful list	20 prizes of \$150.00 for the next best list
2nd prize, \$5,000.00 for the next best list	50 prizes of \$50.00 for the next best list
3rd prize, \$2,500.00 for the next best list	100 prizes of \$25.00 for the next best list

Write on the back of a piece of paper only. List uses according to column. Send to the Canadian Farmers' Union of America, 1000 Bank Street, Toronto, Ontario. Prizes will be awarded on or before October 1st, 1921. All lists submitted to become our property. Address:

YOU CAN GET MORE THAN YOU PAY FOR BY WEARING

FASHION-CRAFT CLOTHES

You get what you see when buying a suit from us, but you also get superior construction of the better kind—unknown in cheap tailoring. Such superior construction in a suit demonstrates its additional value by preserving the shape of your garment, thereby prolonging its satisfactory service.

Restoration Prices \$30.00 to \$55.00

The Garmenter from the Makers is your safeguard.

STRAWBERRIES

PRESERVING

B.C. Berries will be on the market next week, and our shipments will commence to arrive. The strawberry season is late this year and berries will come quick and soon be over. Don't wait before getting in your supply, or you will miss your chance altogether. Our berries are all cleaned and sorted as soon as picked. They arrive in Calgary in refrigerator express cars early next morning after picking, and Three Hills about four hours later. Let us have your orders and we will deliver your requirements in prime condition.

YILLS HOW CATARH IS DESTROYED QUICKLY

With cataracts, numerous cases have been reported. In some cases, the cataracts have been removed by surgery. In other cases, the cataracts have been removed by the use of the "My Canada" method. This method is a simple and effective way of removing cataracts. It is a method that has been used for many years and has been found to be very successful. It is a method that is safe and reliable. It is a method that is easy to use. It is a method that is quick and efficient. It is a method that is affordable. It is a method that is available to everyone. It is a method that is a true blessing to those who suffer from cataracts.

Town Topics

Mrs. J. T. Duffie motored out to Drumheller Monday to join her husband who is an engineer at the mines. She will make her home in Drumheller.

The football game on Saturday evening between Three Hills and Carleton resulted in a tie, the score being 10-10.

A. J. Robertson went down to Calgary Sunday to Tuesday.

Horace Sampson of Parkia, Montana has purchased the J. M. Jackson farm through the R. J. Rolles Company, it being an all cash sale.

The CP. School held at the Presbyterian Church Thursday evening in honor of the teachers going on vacation was well attended and a very pleasant time was spent.

C. R. Leathley and daughter Gladys left on Monday for Kelowna, B.C., on a visit to relatives.

C. H. Abbey suffered a very painful accident last week when returning from Onda. The wagon overturned while crossing Nine Mile Creek and Mr. Abbey sustained a fractured hip. He was taken to the Holy Cross Hospital, and at last report was progressing favorably.

E. L. Sadleir of Trechu was a business visitor to Three Hills on Monday.

Mrs. J. D. Hender and her two sons went down to Calgary Friday to take the exhibition. They are going to return with Miss Hunter to-day.

U.F.A. Meeting

A meeting of the Hawley to Stranger District U.F.A. was held at Carleton, Wednesday, June 14th.

After the conclusion of business, Mr. Barrett, secretary of the Alberta Teachers' Alliance, presented the views of the A.T.A. It appeared to us that Mr. Barrett's opinion of the intelligence and good sense of rural people was not worthy of the organization he represented. Since the meeting, many have remarked that the attitude of Mr. Barrett was not one of goodwill without which it will be impossible to understand each other.

Mrs. Wm. White matched our ruffled feelings with a sweet intonation, and prepared us for a practical and interesting address by Mrs. Louisa Barrett of Miram, on the need of training and preparing our young people for a higher citizenship. It stirred us up to think and plan for our own and daughters.

Mrs. Harry Birch sang two songs in her most pleasing manner.

M. A. B. Claypool, M.T.A., spoke on "Has the country profited by having a farmer government?" He quickly proved his case by referring to radio, telephones, etc. and answered many questions to our satisfaction.

Norman McKinley gave us a good laugh by reciting A. Milne's "How Alberta beat the Devil". The evening session was planned as more of a young people's meeting. Mr. Furgie, Boys' Work secretary for Alberta, spoke of the great work being done for the boys and Mrs. Barrett spoke of the importance of girls' work.

Some Of The Benefits To The Public From The Cold Storage System

J. A. Blandy, Mayor and Cold Storage Commissioner, 1917.

The cold storage system has many benefits to the public. It allows for the preservation of food for long periods of time, ensuring that there is always enough food available for the population. It also helps to reduce the cost of food by allowing for bulk purchasing and storage. The system is also beneficial for the economy as it allows for the export of food products to other parts of the world.

The cold storage system is also beneficial for the environment. It allows for the preservation of food without the need for refrigeration, which can be harmful to the environment. It also helps to reduce the amount of food waste, as food can be stored for long periods of time without spoiling.

The cold storage system is also beneficial for the health of the population. It allows for the preservation of food that is rich in nutrients, ensuring that the population has access to healthy food. It also helps to reduce the risk of foodborne illness by ensuring that food is stored at the correct temperature.

The cold storage system is also beneficial for the community. It allows for the preservation of food for the community, ensuring that there is always enough food available for everyone. It also helps to reduce the cost of food for the community by allowing for bulk purchasing and storage.

The cold storage system is also beneficial for the future. It allows for the preservation of food for future generations, ensuring that there is always enough food available for everyone. It also helps to reduce the risk of food shortages by ensuring that food is stored for long periods of time.

The cold storage system is also beneficial for the world. It allows for the preservation of food for the world, ensuring that there is always enough food available for everyone. It also helps to reduce the risk of world food shortages by ensuring that food is stored for long periods of time.

The cold storage system is also beneficial for the universe. It allows for the preservation of food for the universe, ensuring that there is always enough food available for everyone. It also helps to reduce the risk of universe food shortages by ensuring that food is stored for long periods of time.

The cold storage system is also beneficial for the galaxy. It allows for the preservation of food for the galaxy, ensuring that there is always enough food available for everyone. It also helps to reduce the risk of galaxy food shortages by ensuring that food is stored for long periods of time.

Accumulated Evidence Shows The Advantages Of Purebred Over Common Livestock

Good Crop Prospects

The crop prospects for this year are very good. The weather has been ideal for growing crops, and the soil is in good condition. The farmers are expecting a good harvest, and the price of crops is high. This is a good sign for the economy, as it means that there is enough food available for the population.

Advantage of Cheap Food

The advantage of cheap food is that it allows for the preservation of food for long periods of time, ensuring that there is always enough food available for the population. It also helps to reduce the cost of food by allowing for bulk purchasing and storage.

The advantage of cheap food is also that it allows for the preservation of food for the community, ensuring that there is always enough food available for everyone. It also helps to reduce the cost of food for the community by allowing for bulk purchasing and storage.

Town Topics

The attention of all school pupils in the district is called to the fact that the date of the school fair is drawing near. Prize lists were sent to the various schools before the summer holidays and additional copies may be obtained from Mrs. W. C. Marsh. The fair will be held on September 14th. No. 11 class of Composition is open for a composition of not more than one thousand words on History at McNeigh school. These compositions must be in the hands of the secretary at least one week before the fair. The names of competitors must not be written on actual compositions but must be enclosed on a separate slip of paper. Prizes for this class are \$1.50, \$1.25 and \$1.00. Any school pupil attending any one of the schools taking part in the fair is eligible to enter a composition and it is particularly desirable that a large number of entries be secured. Now then, boys and girls! Find out all you can about your district. Write all you know about its first settlers, the origin of the school district and the

building of the school and not only win the prizes, but also show the others that you are living in the very best district of them all.

The Futility Of Strikes

Industrial management through strikes is just an expedient, just a tactic as we waged between nations. What brings suffering, sorrow and loss to their train and practically no gain to the rest. And capital and labor both remain bitter to this hour, each refuses to use any side but their own. And statesmen remain timid and fearful and apparently have not the courage to grapple with the things; problems and provide by law some method which will prevent their repetition at the same scale. It must be ended eventually, but apparently it is going to take some incalculable upheaval comparable only to the Great War to bring the peoples of the world to their senses and enable the public to rise to their might and say: this thing has got to stop."

CONVERSION

THE MINISTERS OF FINANCE approve bankers of those bonds who desire to continue their investment in Dominion of Canada securities the privilege of exchanging the maturing bonds in bonds bearing 11 per cent. interest, payable half yearly, of either of the following tenures:

- (a) Five year bonds, dated 1st November, 1921, to mature 1st November 1927.
- (b) Ten year bonds, dated 1st November, 1921, to mature 1st November 1932.

While the maturing bonds will carry interest to but 10th November, the new bonds will carry interest to 1st November 1922, GIVING A MONTH OF A FULL MONTH'S INTEREST TO THOSE EXCHANGING THEMSELVES FOR THIS CONVERTIBLE PRIVILEGE.

This offer is made to holders of the maturing bonds and is not open to other investors. The bonds to be issued under this proposal will be substantially of the same character as those already issued, and it is to be noted that the exemption from taxation does not apply to the new issue.

Dated at Ottawa, 26th August, 1922.

PROPOSALS

Holders of the maturing bonds who wish to avail themselves of this conversion privilege should take notice of the following proposals:

LATER THAN SEPTEMBER 10th, to a Branch of the Chartered Bank of Canada, or to the Dominion of Canada Bond Office, in Ottawa, for the purpose of making an official request for the registered bonds, containing instructions to deliver the same to the holder of the new issue.

Holders of maturing full registered bonds, interest payable by cheque from Ottawa, will receive the same by mail, subject to the usual conditions. Holders of coupon bonds will detach and retain the last unexpired coupon, before surrendering the bonds to the Bank of Montreal.

The surrendered bonds will be forwarded by the Dominion of Canada Bond Office to Ottawa, where they will be exchanged for the new issue. The bonds to be surrendered for registration on coupon basis must be accompanied by the coupon, and the coupon must be one of the maturities of the same, the first interest of the new issue will be sent to the holder for the first time, and the coupon will be returned to the holder on the maturity of the new issue.

The bonds of the maturing issue which are not surrendered under this proposal will be paid off in cash on the 1st December, 1922.

W. S. FIELDING,
Minister of Finance.

No Cause For Worry WHEN CHILDREN HAVE Summer Complaints

Parents need not be alarmed if their children have a summer complaint. It is a common condition that is caused by a combination of factors, including heat, humidity, and poor hygiene. It is usually self-limiting and can be treated with simple measures, such as keeping the child cool and hydrated. Parents should not worry and should consult a doctor only if the symptoms persist or worsen.

Plan Ways And Means To Assist Farmers In Marketing Grain

Routes Criticism Of American Congress. The routes of the American Congress have been criticized. This is a common occurrence in politics. The routes are often seen as a way to avoid the issues that are most important to the people. They are seen as a way to keep the focus on the issues that are most favorable to the government. This is not always in the best interests of the people.

Disasters Fire At Barons

First Officer's Residence and Important Store Destroyed. A fire has destroyed the first officer's residence and an important store. This is a major disaster for the community. It has caused the loss of many lives and a great deal of property. The fire was caused by a gas leak. It is a tragedy that could have been avoided if the gas had been properly checked.

WHERE ONE BLADE GREW

It is not always the best soil that yields the richest harvest. Much depends upon the man who cultivates the soil, and the measure of his success is the measure of his intelligent industry and thrift and ability to make the most of opportunity.

The successful farmer cultivates his money as carefully as he cultivates his land. He gets returns from his crops and he gets returns from his funds. Thus Bank in any part of the Dominion adds interest to the money saved by industrious farmers. What nearest Branch is at your service.

The final meeting of the Three Hills Hospital Board was held on Friday evening, in Mrs. Young's office. Rev. W. C. Marsh being in the chair. Outstanding accounts were read and passed for payment. The secretary reported that no tenders had been received for the auxiliary building and it was accordingly decided to ask the Northland Lumber Co. to accept the building for their account against it. This offer has since been accepted by the lumber company. A very hearty vote of thanks was tendered to Mrs. Young for her services as secretary of the Board and for the use of her office for the meetings. The Board is now discharged so it has finished the work for which it was appointed.

Mrs. H. Manning returned last Thursday from a visit to the home of her parents at Fort Steele, B.C. to an infraction of the Stock In Her water. Nellie Clark accompanied her and was fined \$1.00 for her return and will attend school here.

Canada's most Popular Car The Chevrolet 490

PUBLIC favor changes when reasons for a change are obvious. Public opinion as to the most popular car of the future is changing.

Users of low-priced motor transportation are demanding completely equipped automobiles, modern in every respect, with nothing left to buy but the license plate. The new Superior Chevrolet is exactly equipped, including modern 3 speed forward and reverse, sliding gear transmission, standard service and hand brakes, electric starter, demountable rim, water and oil pumps and speedometer. In addition to complete cars, buyers want an real economy in four important essentials. They demand low initial cost, low gasoline consumption, low repair costs, and long tire life. The new Chevrolet excels in these particulars. Twenty-five to thirty miles on a gallon of gasoline is not uncommon. It excels in oil economy as well. Repair costs are low, because every Chevrolet part is built to give long life under hard conditions.

You owe it to yourself to examine the new Chevrolet, the car which is establishing a new standard and has become Canada's most popular car.

To Holders of Five Year 5% per cent Victory Bonds
Issued in 1917 and Maturing 1st December, 1922.

CONVERSION PROPOSALS
THE MINISTER OF FINANCE offers to holders of these bonds who desire to continue their investment in Dominion of Canada securities the privilege of exchanging the maturing bonds for new bonds bearing 5% per cent interest, payable half yearly, of either of the following classes:

(a) Five year bonds, dated 1st November, 1921, to mature 1st November, 1927.
(b) Ten year bonds, dated 1st November, 1921, to mature 1st November, 1931.

While the maturing bonds will carry interest to 1st December, 1922, the new bonds will commence to earn interest from 1st November, 1922. DIVIDING A BOND INTO A FULL MONTH'S INTEREST TO THESE AVAILABLE THEMSELVES OF THIS CONVERSION PROPOSAL.

This offer is made to holders of the maturing bonds and is not open for interest. The bonds to be issued under the proposal will be substantially of the same character as those which are maturing, except that the coupon from January does not apply to the new issue.

Canadian National Railway
Special Through Service
For Old Country Travel

All those contemplating a trip to the Old Country for Christmas and New Year cannot afford to overlook the excellent through service that will be provided by the Canadian National Railway from Western Canada to the Atlantic seaboard.

A special train will leave Winnipeg 10:30 a.m., December 7, with through sleepers from Vancouver, Calgary, Edmonton, Regina and Winnipeg. This train will run through direct to ship's side at Halifax, for sailing of S.S. Regatta, December 10th, S.S. Annapolis, December 11th to Liverpool, and S.S. Camora, December 11th to Glasgow. This train will consist of most modern equipment including standard and tourist sleeping cars, dining car, first class coaches.

Special sleeping cars will also be operated from Calgary, Edmonton, Saskatoon, Regina and Winnipeg, for the following sailings: From Montreal, November 18th, S.S. Canada and S.S. Annapolis to Liverpool, S.S. Metagama to Glasgow. From Halifax, December 2nd, S.S. Regatta to Liverpool. From Halifax, December 10th, S.S. Canada to Liverpool. From St. John, December 10th, S.S. Metagama to Glasgow.

Passengers for the latter sailing will transfer at Montreal.

The above through service will enable passengers to travel direct to the ship's side without transfer or change of trains.

Apply to any Canadian National Railway Agent for further particulars of sailings, rates, passenger etc.

CHIROPRACTIC

It is a reflection upon rational medicine when its drugs of scientific value, it is guaranteed that more than 90 per cent of the death rate is now caused by children and young people.

Persons ought not to be astonished by the fact that they may have in their hands the death of their children or friends in the early years of life.

For 100 years all doctors have failed to relieve the single danger and remedy to be better off to day if it were not for the advent of chiropractic which is the only method which absolutely and positively cures all present and cure all forms of disease. Whether it is a case of tuberculosis, typhoid fever or any other.

Rev W C Marsh Farewell Service

St Barnabas Church was filled last Sunday night, the service being the farewell service of Rev W C Marsh who took as his text 2 Cor 12:11. He stated that with very few exceptions there has been a splendid fellowship and a goodness of purpose in the parish and that, during his stay in Three Hills, he has been greatly encouraged by the sympathy and practical solidarity of the Church people. He urged that the absence in the past might inspire the parishioners to further united service in the future.

Following the afternoon service at 4:30, Mr W C Marsh, with a bouquet as a token of appreciation and respect.

The Friday evening, members of the local Ladies' Guild Chapter, surprised Rev and Mrs W C Marsh at the Rectory and presented them a case of Communion Silver.

At a parish meeting held in St Barnabas' Church on Tuesday evening, arrangements were made for continuing the work of the parish and especially of the Sunday School. On behalf of the parishioners Mr A W Pratt, Rectory warden, presented Rev W C Marsh with a purse of money. A similar presentation was also made on behalf of the St. Verano Sunday School. Mr Pratt spoke of the love felt by the Church towards Mr Marsh and the regret at his departure. In responding, Mr Marsh thanked all who had supported the work and referred particularly to the local interest of Mr Marsh which he said had made his work possible.

The meeting of the W. J. A. will be held at the home of Mrs J A Manning at 8 p.m. on Tuesday, Nov. 1st.

J Campbell motored to Calgary Sunday with J A Manning, Mrs Campbell having gone down on Saturday. From there they are going to the Coast.

The Tea and Sale held by the Ghost Pine W.A. at Robertson Bros store on Monday was very successful, a handsome sum being realized.

Rev Jas Brown of Calgary, will fill the Presbyterian appointments on Sunday and will speak in the interests of the British and Foreign Bible Society.

The warm weather we have had to date has resulted in a shortage of coal orders locally.

Excellent Service for Eastern Canada Express

With the operation of the "Continental Limited" to and from the West, with suitable branch line connections, and also with the operation of the "National" from Winnipeg to Toronto, connecting with all Ontario points, the Canadian National Railway offers an unparalleled service for those who contemplate taking advantage of Eastern Canada resources this winter. The Winnipeg and Dauphin Cuts are second to none and the meals served in the Dining Cars are served at a reasonable price and within reach of all.

The excursion to the East commencing December 1st, when the Canadian National Railway will have on sale daily and up to January 1st, first class round trip tickets at single fare and one third, from all stations Winnipeg and Edmonton west to Mandan, Saskatchewan and Alberta. Tickets will be good for three months from date of issue with return stopover and extension privileges.

The Old Favorite

Is Just As Popular As Ever
And Just as Effective in Relieving Coughs, Colds,
Croup and Bronchitis

For over a quarter of a century Dr. Chase's Syrup of Linseed and
Turpentine has been the favorite treatment for coughs and colds.

It is still growing in favor, for the simple reason that it can be
depend on as a positive relief for Croup, Bronchitis, Whooping
Cough and Asthma.

Bronchitis Severe Cold
At 11 P.M. 28th Feb. 1904. Mr. H. B. Chase, 28th Feb. 1904. I
suffered from a severe cold and cough, and was unable to sleep.
I used Dr. Chase's Syrup of Linseed and Turpentine, and in
a few days I was completely cured. I can now sleep and
work as usual. I highly recommend this medicine to all
suffering from colds and coughs.

Carload of Chickens Shipped from Three Hills

The shipment of chickens from Three Hills yesterday was a great success. The carload being that the accommodation was found for the number of chickens brought on. More brought in more than remained with the refrigerator enough to make up a second carload had to be taken back. The shipment which is going to Vancouver by way of the coast was, "boxed poultry" by the Ottawa and Edmonton authorities. Local arrangements were made by the hands of W. Burns, chairman of the Three Hills Poultry Association. The shipment consisted of 2200, 8, 4, 2 and 21 chickens. It is hoped to arrange for another shipment shortly. To obtain the highest success it is necessary that every egg, every bird, be definitely placed in a certain number of birds and eggs that number to make a lot. A considerable saving in cost of freight is effected by shipping by this method.

Huxley to Granger Convention

A convention of the Huxley to Granger District I. P. A. was held at Swanville last Friday. A. A. Murphy of Three Hills, presided over a good attendance. Mr. McKinnon was appointed secretary as F. E. Eddy is away from the district for a time. Several resolutions to be submitted to the annual I. P. A. convention, were dealt with. The chief speakers were J. Garland, M. P., and A. B. Claydon, M. L. A. The ladies served lunch and supper. The next convention will be held at Three Hills on Wednesday, December 18th.

E. J. Garland M.P. Speaks to Three Hills Farmers

The attendance in the Oddfellows' Hall on Saturday night to hear E. J. Garland, M. P. for Bow River, was not so large as it might have been. Mr. Garland is a very interesting and fluent speaker. He gave a free description of Ottawa, of the grounds surrounding, and the splendid interior decoration of the parliament buildings. A few details were given of the enormous costs entailed, and of the great array of retainers of every rank and description. The gorgeous opening ceremonies were described and mention was made of the strange anomalies which exist, liberals exceeding conservatives in advocating conservative principles and measures. Mr. Garland explained and emphasized the extreme propaganda put on by the question of the Crown's Next Payment and showed how it had been a clear division between east and west, in the press as elsewhere. Incidents were cited of the difficulties met with by western members. Statements which, in the great world, are accepted without dispute, are solemnly and at great length questioned by eastern members. Mr. Garland recounted speeches of the minister of agriculture and the former minister, both believing that diversified farming would be the salvation of the western farmer. Rejoins of farmers who know something of

Reduced Fares to the Pacific Coast

The Canadian National Railways will sell tickets at greatly reduced fares from points Winnipeg and Emerson west to Manitoba, Saskatchewan and Alberta to Vancouver, Victoria and New Westminster, on December 6th, 7th, 18th, 14th, 16th, 21st, 26th, and 28th, 1922, January 2nd, 4th, 6th, 11th, 16th, 18th, 23rd, 26th, and February 6th and 10th, 1923.

Travelling on the Canadian National to the Pacific Coast is a definite pleasure. There is no better way of taking a holiday than by a trip over this road. The enjoyment starts when you do and you do not have to wait for pleasurable experiences until you reach your destination. The Canadian National Railways owns and operates its own sleeping cars and dining cars. These cars, on through trains, are models of luxury and convenience built by experts and embodying improvements resulting from long years of experience in studying the requirements of first class travel. An additional convenience is provided by tourist car service. Canadian National tourist cars are all new and embody the latest and most modern improvements. Charges are only half those for accommodation in standard sleeping cars. For those bringing lunch and desiring to do their own cooking on route, a kitchen is provided in a compartment set off from the rest of the car. A fire is kept constantly burning in the stove and a sink with tap provides hot and cold running water.

The dining cars, with their handsome fixtures, a set of decorative details and adequate arrangements,

In the report of the T.F.A. meeting at Swinell, five reasons are given for the muddled conditions the country is suffering from. It appears to be assumed that the order which seems to be desirable has not been maintained but the affairs have been allowed to fall into great confusion. Maybe most things are conducted in a haphazard manner and that does result in the manner in which it is operated, tend towards order or confusion? Our lack of markets? But for lots of farm produce there is a good demand and the ultimate consumer often pays a high price. It might easily be ascertained the proportion of such price spent for freight and the amounts taken by other middlemen, and it might be determined whether any such payments are unnecessary, and should they fall into the same class as robbery, methods to prevent robbery might be adopted. The next reason, climatic, is like saying this is not a good country, and this is a good country. The last reason does not apply to any great extent, because the west, after working hard and producing what should be a surplus, sees its wealth and the returns do not permit of personal extravagance. How great is the desire to escape from this middle!

 Contribute to the Government Fund for
 Unfortunate Women Deserving
 of Support

There are many women who are in a
 desperate financial condition, and who are
 unable to support themselves and their
 families. These women are often the
 victims of poverty, and are in need of
 help. The Government Fund for Unfortunate
 Women Deserving of Support is a
 fund which is established to help these
 women. The fund is managed by the
 Government, and the money is used to
 provide for the needs of these women.
 The fund is open to all women who are
 in need of help, and who are unable to
 support themselves and their families.
 The fund is a very important fund, and
 it is very important that we all contribute
 to it. The fund is a very important fund,

ALBERTA

Cool production in Alberta for 1929 up to the end of October, compared with the same period of last year, was as follows. In 1929 4,630,361 tons, in 1928 4,500,824 tons. During October 1929 the production was 520,738 tons, compared with only 180,591 tons in October 1928. The production for October this year is a record for

any one month in the history of the industry in Alberta.

New Year, 1925, 1922 is passing and will soon have slipped into eternity. A year of trouble crowned by human error and folly, ring out the old, ring in the new. Ring out the false, ring in the true. What is false and what is true? How much of what has been so fondly believed in has been false and in part responsible for the trouble and misery which abound? Realized that humanity should try to understand and should no longer pursue the vague phantasies which appear to have led almost to the edge of chaos.

A bulletin has been issued from Ottawa by the Retail Merchants Association of Canada, offering a criticism of the Dominion legislation concerning the placing of a 2 cent stamp on all receipts of ten dollars and upwards which will come into force on January 1st, 1929. The meaning of a receipt is explained and a list of exemptions are given. A penalty, not exceeding one hundred dollars is provided for any evasion, although it is not made clear how evasions are to be detected so that the penalty may be applied. By this method five thousand lickings and five thousand stickings, with five thousand writings of the date in addition to the signature to cancel the stamp, will yield one hundred dollars less the small cost of printing the stamps, which hundred dollars will pass from the hands of five thousand tax payers to one or more departments, leaving the consumer not one cent better off but involving the tremendous loss of labor of licking and sticking five thousand two cent stamps. Assuming that each stamping averages one minute for two persons, ten thousand minutes or 166 hours,

one full week, will raise \$170, or working a nine hour day the collector of this revenue will collect \$1 40 and will get no pay. The Retail Merchants Association states: "Every retail merchant knows that when postage stamps are placed on receipts, or cheques, or on any other document, for the purpose of paying our new debts, it is an unbusinesslike system, as we have been led to believe that postage stamps and Inland Revenue stamps are for entirely different purposes, and if they cannot be kept separate, and it appears they cannot, this fact alone should be sufficient to condemn that method of the collection of revenue. The present system of placing stamps on cheques, drafts, notes, and bills of exchange is bad enough and, in our opinion, should be abolished, without adding the further annoyance by adopting the same system on receipts." The views of the association are correct. This new scheme or experiment in taxation, is perhaps one addition to the existing muddle. There is only one intelligent form of taxation, which is a direct, uniform tax on land areas. Whatever other form of taxation is attempted, after the inevitable muddle and confusion, it goes right to the land. Every landowner feels it, even though he may not realize it. What other system, apart from wild, chaotic experimenting, is it possible to suggest?
